Bus Franchise Extended to 1963

Opens Way for Fare Hike

New 15-Year Contract OK'd

Mansfield Rapid Transit, Inc., last night was granted permission by city council to operate its buses in the city until 1963.

Council passed the franchise renewal measure after hearing a plea from Attorney Joseph Baer to hold the measure until safety provisions could be incorporated in it.

After listening to a rebuttal by Attorney George Blecker, who represented the bus company, council passed the measure virtually in the same form as it was originally proposed.

While the bus company's present franchise doesn't expire until 1952, the firm requested a new contract now to enable it to push its modernization program without fear of losing its investment.

No Fare Boost Seen This Summer

No increase in Mansfield bus fares is contemplated this summer, C. M. Ross, superintendent of Mansfield Rapid Transit, Inc., said today. H. W. Arnold, president of the company, indicated earlier, however, that increased operating costs will make it necessary to boost the cost of tokens from four for 25 cents to three for 25 cents.

The new franchise is for 15 years.

Council amended the measure to require that all buses be equipped with "standard safety equipment."

The new ordinance provides that full bus service shall be given on all lines. The buses shall operate on 20-minute intervals until 6:10 p. m., and at half-hour intervals thereafter until 11:30. Half-hour schedules shall be maintained on Sundays and holidays.

LIMITS FARE HIKE

Council stipulated that the fare shall not exceed 10 cents cash or three tokens for a quarter. As the measure was originally offered on May 19, the company was empowered to establish whatever fare it saw fit, providing it did not exceed 10 cents per ride. Under the amended law, any raise above three tokens for 25 cents must be approved by council. The company now sells four tokens for 25 cents.

Baer told the councilmen that he was not interested in which company was given a franchise, but only that the safety rules be incorporated.

Walter J. Burghard jr., owner of the Yellow Stripe Cab company, previously had asked council to postpone action in renewing the franchise, until he could prepare an offer.

Baer explained that in as much as the buses operate exclusively within the city limits, the state public utility commission has no authority to regulate the buses and it was therefore up to the city to make the safety regulations.

"Without safety provisions, it makes it difficult and expensive for the average citizen to collect damages from the bus company in case of an accident. If safety regulations are included, then it will be a lot easier," he said.

BLECKER REPLIES

Blecker retorted that the company does not want accidents, does everything in its power to prevent them and that all its buses are equipped with the latest safety devices.

"Now we can go ahead with construction of a new maintenance garage and buy new buses to replace our old ones," said H. W. Arnold, president of the bus firm. He attended last night's meeting.

The bus company lost its garage on East Fourth street and 17 buses last November when fire swept the storage building.

Arnold announced plans last winter to build a new garage and purchase a fleet of new buses.

June Gets License First Day of June

CHICAGO —(AP)— The first prospective bride to apply for a marriage license on the first day of June was named June.

Miss June Dae Obermaier, 20, and her fiance, John Melchert jr., 22, a student at Elmhurst college, were waiting outside the license bureau at the City Hall before it opened.

Council Delays Vote on Time

2 Safes Resist Burglars

Safe crackers and burglars made the rounds of downtown business places last night but got only $10 for their trouble. They attempted fruitlessly to open two safes and failed in two other breakings and enterings.

Detectives expressed doubt that

(See picture on page 2)

the jobs were the work of professionals. They said they had no evidence to link the safe attempts with the burglary tries.

Entrance was gained and safes were tampered with at Kobacker's 32 North Main street, and the Bing Furniture company, 37 West Fourth street. Attempts were made to enter the Mansfield Building and Loan company, 36 North Main street, and the Bun and Hipps restaurant and pool room, 226 North Main street.

W. L. Faulkner, manager of the Kobacker store, said ten $1 bills were taken from the cash register in the beauty shop. The company safe also was tampered with and one hinge removed. Entrance was gained by climbing the fire escape to the roof and prying open a door leading to the fourth floor, Faulkner said.

MISS BIG LOOT

The burglars then descended to the third floor, entered the store offices, and began working on the safe, which Faulkner said contained several thousand dollars.

Leaving by a third-floor rear door, they fled by means of the fire escape before the theft was discovered by the nightwatchman, John Traxler, who notified police at 12:25 a. m.

William A. Clay, manager of the Bing company, told police no money was taken but an inventory would be necessary to determine if any merchandise was missing.

Police, cruising in the area, had noticed the rear door of the furniture company open at 12:02 a. m.

Clay said the combination of the safe had been chisled off and the handle had been broken. It was necessary to call a lock specialist to open the safe this morning, he said.

FAIL TO ENTER

Police also reported at 12:45 a. m. that boards had been pried loose from an opening in the rear of the Mansfield Building and Loan company. The opening led to an abandoned well connected with the basement. No entrance was gained, bank officials said.

The rear door of the Bun and Hipps restaurant and pool room was discovered open by police at 2:02 a. m. Burglars had lifted the crossbar to a verticle position but did not gain entrance, they reported.

Searching the area following the wave of attempted thefts, police accidentally set off the burglar alarm at the Gray drug store, 40 North Main street, attracting passers-by to the scene.

Rail Strike Parley Fails

WASHINGTON —(UP)— White House conferences in the rail labor dispute broke up today and the three railroad unions said there will be no more bargaining conferences as far as they are concerned.

Representatives of the three brotherhoods met for three hours with Presidential Labor Advisor John R. Steelman in another effort to settle the dispute over wages and working conditions.

A railroad strike was averted three weeks ago when the government seized the carriers.

The union leaders left the White House saying that the conferences had come to and end without settlement.

Measure Gets First Reading

Decision Likely By Mid-June

The revived "fast time" issue is still hanging in mid-air.

Council last night heard first reading of the measure and decided to meet again tomorrow night to hear second reading.

No vote was taken.

The bill's sponsor, Councilman Harry Hollingsworth, requested that no effort be made to suspend the rules to permit a final vote. A motion to suspend second and third reading and give the measure an immediate final vote requires a three-fourths majority of council.

It is possible that a majority of the nine councilmen, but not the seven needed for a three-fourths majority, favors the measure. Therefore the measure must be given three readings at three different council meetings.

Councilmen indicated that a third meeting would be called before the middle of the month for a third and final reading and a vote. If approved at that time, without an emergency clause, it could not become effective before July 15.

There was no discussion of the proposed law. The clerk of council read letters and petitions that have been sent for and against fast time and they were received and filed.

Council on March 22 defeated by a 6 to 3 vote a proposal to place the city on fast time for the summer months.

Meanwhile, initiative referendum petitions designed to have the question placed before the voters in November are being circulated. Hollingsworth said that regardless of council's action, he will seek to have the question put on the ballot in November.

3 Bills Have 'Must' Tags

GOP Leaders Back Measures

WASHINGTON—(AP)—The Senate stretched out its working hours today in a bid to dispose of one of three bills tagged "must" by GOP leaders aiming at a June 19 adjournment.

Acting Republican Leader Wherry of Nebraska said he will hold the chamber in session "quite late" into the night if necessary to dispose of the measure designed to admit up to 200,000 war refugees into this country during the next two years.

That bill, a limited revival of the draft, and extension of the reciprocal trade act beyond June 12 were the only ones posted on an admittedly tentative and incomplete list of measures which top Republican leaders have labelled for definite action.

The list is in addition to appropriations bills carrying money to maintain the federal government during the year starting July 1.

Conspicuously missing from the list, announced by Senator Taft (R-Ohio) yesterday, was any civil rights legislation.

Also missing were such bills as long-range housing, the oleo tax repeal, extension of farm price supports, government workers' pay boosts, raising of the minimum wage and others.

But Taft, the presidential aspirant who is chairman of the Senate's Republican Policy committee, said the GOP leaders who met in House Speaker Martin's office late yesterday "ruled nothing out."

They decided, Taft said, that "the 19th of June should still be our goal for adjournment." That date is just two days ahead of the opening of the Republican convention in Philadelphia.

BLAST KILLS 33

BERLIN —(AP)— Thirty-three workers were killed and another 150 injured by a coal dust explosion yesterday in the Soviet zone city of Halle, Russian-licensed newspapers reported today.

REVIEW AIR GUARD PROGRESS—Two brigadier generals were in Mansfield last night to review the progress being made in recruiting and establishing the 164th Fighter Squadron, Air National Guard. Shown in the top photo, left to right, are Col. Michael Gordon, Cleveland, Otis Cummins, of the ANG advisory committee, Brig. Gen. Kenneth Cooper, assistant adjutant general of Ohio, and Mayor Roy W. Vaughn. Below, left to right, are Brig. Gen. E. H. Zistel, commanding officer of the 55th Fighter Wing, Air National Guard, Alan P. Tappan, chairman of the advisory committee, Col. Lamont Saxton, in charge of recruiting, and John G. Routzon, secretary-manager of the Chamber of Commerce. The dinner meeting was held at the Mansfield-Leland hotel.

Work to Start In Fall

State Gets Airport Land for Guard Unit

The first step toward installation of the 164th Fighter Squadron, Air National Guard, at the municipal airport was taken last night by city council when it transferred 25.8 acres of land at the airport to the state for construction of the airbase.

The deed will contain a proviso that should the state abandon the acreage situated on the southwest portion of the airport, the land and all improvements thereon shall revert to the city. The land is being sold for $1.

Hangars, an operations office, a motor repair center, a maintenance building and possibly an officers' club are included in the building projects which are expected to cost $640,000.

Construction of the buildings will start early this fall, Brig. Gen. Kenneth Cooper, assistant adjutant general of Ohio, told the squadron advisory committee at a dinner last night in the Mansfield-Leland hotel club room.

Gen. Cooper said the $640,000 was expected to be available next month. Early in July army engineers will come to Mansfield to draft plans for the buildings and general installation and to advertise for bids on the work.

PRAISES CITY

Mansfielders were complimented by Gen. Cooper on the speed with which the recruiting and plans for activation of the 164th Squadron have been carried out. He said:

"In this and the ground unit of the National Guard along with various other reserve units Mansfield has contributed more to the national defense program than any city of its size in the United States."

Brig. Gen. E. L. Zistel, commanding officer of the 55th Fighter Wing, emphasized that the commander of the 164th Squadron would be a local man. He said that the F-51's to be used by the unit would later be converted to jet planes.

He also complimented the ANG advisory committee with the statement that Mansfield was far ahead of any other city in its work of organizing an Air Guard unit.

Reports were made by various members of the advisory committee. Alan P. Tappan, general chairman, was host at the meeting.

Otis Cummins, chairman of the activation unit, reported that 167 recruits have been enrolled and 125 assigned. Recruiting will continue through June 7 at Room 200 Farmers Bank building.

Ohio State Fair Site Challenged

COLUMBUS — (UP) — The constitutionality of the Ohio State Fairgrounds commission was challenged today by Herbert U. Smith, 71, Columbus property owner.

Smith, who owns eight acres on the site of the proposed new fairground, charged in his suit that he and his wife had lived at that spot for more than 40 years and that he did not care to sell.

Attempted Suicide Frustrated

Alert Police Save a Life

Quick and efficient work by three Mansfield patrolmen, including one serving his first day on the force, last night saved the life of a 19-year-old youth.

Patrolmen Carl Beard, Charles Letizia and Roger Zimmerman (on duty for the first time) rushed to 90 South Foster street at 5:52 p. m. in response to a call from Otha Hammon, who said a man had tried to take his own life by inhaling gas.

The policemen, armed with an resuscitator-inhalator found the youth lying on the floor, a note beside his limp body. He had stopped breathing.

The three officers and Lt. William J. Taylor went to work in the prostrate form and in half an hour the youth was breathing again. He was taken to the General hospital for observation.

Capt. Clare W. Kyler complimented the quartet for their "wonderful effort in saving the man's life."

As police reconstructed the averted tragedy, the youth locked himself in the room, wrote a note, closed all the windows and doors, and turned on the twin gas burners. Police said the victim had been separated from his wife for seven months.

Bills Favor Peak Budget For Military

Measure Goes To House Floor

BULLETIN

WASHINGTON—(AP)—A record peacetime army-air force appropriation bill was whisked through the House today and sent to the Senate. The measure provides $6,509,939,000 for the two services for the new fiscal year starting July 1. The House scheduled for debate tomorrow another record peacetime defense money bill—a $3,686,733,250 measure financing the navy.

★

WASHINGTON—(AP)—The biggest peacetime military budget in the nation's history hit the House floor today — $10,196,672,250 for the army, navy and air force.

The appropriations committee at the same time released testimony warning of the "alarming menace" of Soviet military might and disclosing that the United States fleet now in the Mediterrancan is there for two reasons:

First, to serve as a warning to Soviet Union not to try to overrun any of the free countries of Europe.

Second, to be ready to remove American forces if worst came to worst.

Two separate appropriation bills — given top priority for immediate action — provide $6,509,939,000 for the army and the air forces and $3,686,733,250 for the navy for the year starting July 1.

Their combined total is $505,000,000 greater than the services are spending this year and more than three times as much as the regular 1941 budgets for the armed forces.

The committee recommended a cut of 6.1 per cent, or $241,005,450, for the navy, and 9 per cent, or $647,903,000, for the army-air forces, from amounts President Truman had asked.

But both sums recommended are in addition to approximately $3,000,000,000 Congress recently gave the services to buy aircraft.

The new funds are intended to build up army and air force personnel to a top strength of 1,234,500 and the navy and marine corps to 552,000.

This compares with reported Soviet military strength of 4,000,000 men, which Gen. Omar N. Bradley, chief of army staff, said presents "an alarming menace to the security of the United States."

Flood Crisis Now Waning

PORTLAND, Ore. - (UP) — The Columbia river began falling slowly at Portland today and the flood crisis appeared to be waning after two weeks of record-breaking devastation throughout the Pacific northwest.

Approximately 100,000 persons were driven from their homes, 28 persons were killed or drowned and an estimated $80,000,000 damage was inflicted on crops, property and riverfront industries in four states and British Columbia.

Searchers still hunted for bodies in the wreckage of Vanport but none had been recovered. Authorities believed none would be found if there were any until the 15-foot lake recedes, perhaps in two or three weeks.

The danger to the flood-stricken Portland area and down-river communities was not yet eliminated.

The Columbia's mighty crest, gathered from a myriad of streams and creeks throughout British Columbia, Oregon, Washington and Idaho, moved downstream toward the river's mouth at Astoria, Ore., 112 miles distant.

Enters Golf Finals

ST. ANNE'S-ON-SEA, England —(AP)—American Champion Louise Suggs of Atlanta, whipped Dorothy Kielty of Los Angeles, 4 and 3, today to enter the finals of the British women's amateur golf championship. She will meet Jean Donald of Scotland, over 36-holes tomorrow for the crown.

Dates Cause Good Grades, Claims Prof

BOWLING GREEN —(UP)— Dr. S. Harman Lowrie, a professor in the sociology department of Bowling Green State university, made his bid today for the title of the most popular instructor in the United States.

Teacher of the only American college course exclusively devoted to dating, he said a 3,000-questionnaire tudy revealed that the more most students date, the better grades they make.

The combination of frequent dates and high grades, however, occurs more often among co-eds than among men—and more often among freshmen than upperclassmen, he said.

Health Post Offer Made By Board

Report Dayton Man Asked to Come Here

City health officials today offered the position of city-county health commissioner to a Dayton hospital official at a salary of $8,000 a year.

The Dayton physician, Dr. Harry Wain, said he received a telephoned offer but declined comment. He is associate director of the Miami Valley hospital at Dayton.

"I have reached no decision as yet," he informed a News-Journal correspondent in Dayton.

The increase in the commissioner's salary was made possible when the county health board agreed to contribute its proportionate share of the extra compensation. The city board at first believed it would be necessary to ask a supplementary appropriation by council.

The county health board has agreed to increase the commissioner's salary by contributing its proportionate share and the city board was waiting for a supplementary appropriation by city council.

A careful analysis of the health department finances showed, however, that without council action the needed funds were available, to contribute the city's share and raise the salary from $6,180 annually to $8,000.

The funds came from money appropriated for but not paid out in the commissioner's salary during March, April, May and June (Dr. A. C. Biddle, acting health commissioner is paid half of the regular salary) and from $700 appropriated at the beginning of the year for a clerk who was never hired.

Mansfield has been without a permanent health commissioner since March 1, when Dr. Fred O. Tonney resigned to take up duties in southern Illinois.

Baby Wendell Gets Home Temporarily

"Baby Wendell Stephens" has been placed in a licensed boarding home in Marion county Mrs. Laura Reece, matron of the Richland county children's home, said today.

The child has been transferred temporarily to supervision of the Marion county Child Welfare board.

Wendell was found abandoned in a car parked outside Mansfield general hospital May 10. A note said the mother was unable to care for him.

Mrs. Reese said a boarding home outside Richland county was selected as "protection for the baby."

"If the child is going to have a normal life now is the time to start it," she explained.

"We felt that a boarding house mother in Richland county would get too many curiosity seekers."

Adoption for Wendell is still at least a year off, she said. Not until authorities feel every possible clue in the search for the parents has been exhausted will they ask juvenile court for a permanent committment.

FOUL BALL CAUSES DEATH

Palestine Foes List Desires

Main Points Still Disputed

(By Associated Press)

Arab nations accepted with "explanations" today the United Nations' proposal for a four-week armistice in Palestine. The reply made plain the Arab belief there is no chance of lasting peace while the Jewish state of Israel exists.

Israel previously had accepted with "assumptions." One of these was that unlimited immigration, including men of fighting age, should continue during the armistice. The Arabs specified that continued Jewish immigration would constitute a grave threat to the Arab countries.

Scattered combat was reported in Jerusalem and elsewhere in Palestine pending a cease fire time, which the U.N. had not yet set.

The Arab reply did not make clear whether the Arab acceptance of the armistice is conditional on the United Nations' agreeing to their "explations." The Arabs left the time of the cease fire to be decided. The Jews had set 6 p. m. (EST) yesterday, conditional upon a similar Arab order.

The 'explanations' specified that any solution partitioning Palestine into Jewish and Arab states has no chance of success. That is the very point over which both sides have been skirmishing since late in November and warring in the open since May 15, when the British mandate ended. The Arabs also stressed Jewish immigration as a peril and asked to be allowed to cooperate with the U.N. to supervise compliance with the cease fire.

DEBATE IN PROSPECT

Prolonged debate, during which fighting will continue, appeared to be in prospect.

The Jews said Egyptian troops attackd Negba, south of Tel Aviv, and bombed Hulda, in the same general area. Marksmen of the Trans-Jordan Arab legion killed 20 Jews attacking the Zion, Jaffa and new gates of old Jerusalem after midnight in an effort to win back a foothold.

Artillery, mortar and automatic weapons exploded through Jerusalem while both sides awaited a cease fire order to become effective.

Egyptian troops were but 14 miles south of Tel Aviv. They were reported shelling Rehovot, 12 miles from the Israeli center.

Irgun Zvai Leumi, a part of the Israeli army, asserted Jews penetrated Latrun and blew up a big Trapist monastery of silent monks. They said the Arabs used it as a strong point in their road block to Palestine. The Jews had been trying for weeks to break the Tel Aviv-Jerusalem road stranglehold, and by Arab accounts had met several bloody reverses.

Crops Thirst For Moisture

A drought threat darkened today the outlook for crops in Ohio. Mansfield gardens, unblessed by moisture since May 21, have started to show the need for rain. Growth of farm crops face danger of being retarded unless rain falls soon.

Little hope of relief was held out by U. S. Weather forecaster C. G. Andrus of Cleveland. In constrast, he said, temperatures are heading into the 80s. The mercury reached 75 here yesterday. It was 73 at noon today.

"It's an unusual situation," Andrus explained. "Due to the abnormal amount of rain the first half of May, root growth was shallow because there was plenty of moisture on the surface and roots did not have to extend themselves.

"With almost unlimited sunshine and dry air, the soil evaporation has been extremely heavy. It will take at least one-quarter inch of rain to do much good," he declared.

Bill Injures Department, Claims Krug

Senate Committee Hears Testimony

WASHINGTON —(U.P.)— Secretary of Interior J. A. Krug charged Tuesday that in the 99 years of his department's history it never has been handed any appropriation bill as crippling as the $375,727,591 measure the house passed last week.

"The total effect of the bill would be so to weaken the department's management of the nation's resources as to impair the national security," Krug said.

He was the first witness at senate appropriations subcommittee hearings on the bill. Chairman Kenneth Wherry (R-Neb) ordered the hearings conducted at a speed-up rate in an attempt to jam the fund-bill through Congress before its scheduled departure June 19.

Krug said he know of no other appropriation bill that repealed so many laws. He asked the senators to knock out those provisions, to kill a rider that would force dismissal of Reclamation Commissioner Michael Straus, and to jack the bill's total up to President Truman's $459,970,835 budget estimate.

In indignant tones, the cabinet officer said the bill was full of "arbitrary and capricious limitations" which he regarded as the "rankest kind of intrusion" on his executive rights.

"Their effect is to impugn my judgment as to the ability and qualifications of officials serving under me," he said.

Bucyrian Accepts Post As Organist

BUCYRUS - - Mrs. A. M. Jones, long associated in Bucyrus music circles, has accepted the appointment as organist for St. James Episcopal church, filling the vacancy left by the resignation of Paul Lea, who is establishing his home in Lima.

Mrs. Jones was organist for 17 years at St. Paul's Lutheran church and for two years served St. James church while Mr. Lea was in military service.

Foundation Laid

BUCYRUS - - Foundations have been laid and other construction is in progress on the $4,000 addition to the Bucyrus Country club which will add a new "pro" shop, a new ladies locker room and shower room and a terrace. Plans for the remodeling were drawn by Harold Schneider.

Piles Are Never "Mild"
DANGER IN NEGLECT
No one should ever think of piles (hemorrhoids) as a "mild" disorder.
Although they may seem a "mild" ailment, especially when not giving pain or inconvenience, piles are in fact tumor formation without tendency to heal themselves; and as they are likely, if neglected to keep increasing in size, involving more and more of the rectal area.
Even a so-called "mild" case may be expected to undermine one's health, by irritating, predisposing to or aggravating other ailments, such as: indigestion, billiousness, stomach trouble, constipation, headaches, pain in back and down the legs, secondary anemia with its run-down tired feeling, and general nervous irritability.
Removal of piles is the only permanent relief—written guarantee. My method produces little or no discomfort, does not require the use of knife or drugs, and seldom is the patient required to lose any time from work or other duties.

Lemon Tries To Extend Long String

WASHINGTON — (AP) — The first-place Cleveland Indians today had more profit to show from a day of idleness than they reaped from a full week on the baseball firing line.

Failing to catch up with the Philadelphia Athletics on the diamond during the last week, the Indians leisurely backed into the American league's top spot yesterday when Boston trounced the A's, 8-1.

Bob Lemon, leading winner in the major leagues with seven victories in nine starts, will attempt to extend two shutout marks tonight in the opening game of the Tribe's second eastern tour against the Washington Nationals.

YIELDS ONLY FOUR

Lemon has blanked the Nats twice, yielding only four hits each time, and has compiled a brilliant total of 25 scoreless innings of hurling. Wresting the No. 1 spot on the Cleveland staff from Bob Feller, Lemon also leads the league with 43 strikeouts—Feller's erstwhile specialty.

Casualties Joe Gordon and Joe Tipton are expected to see service by the end of the week as the Indians enter an important tour of 14 games with eastern clubs. Tipton left Cleveland yesterday for Copper City, Tenn., where his infant daughter is ill.

Tribe President Bill (Barnum) Veeck pulled another unorthodox move yesterday when he summoned rookie Catcher Ray Murray from Oklahoma City for duty as a "standby."

With only Jim Hegan on hand for catching duties, Veeck indicated a telegram to league headquarters would place Murray on the playing roster immediately if Hegan suffered an injury before Tipton returned.

Huge Crowds Watch Major League Tilts

By JOE REICHLER
(AP Sports Writer)

Thanks to the crowds which jammed the parks over the holiday weekend, the major leagues today are ahead of the record breaking pace of last year when they attracted an unprecedented total of 19,874,539 spectators.

Including yesterday's games, the 16 big league clubs have played to 4,976,889 paid admissions. At a corresponding date a year ago, the same clubs had drawn 4,853,034 persons.

The Cleveland Indians, averaging 32,706 persons per game, are setting the pace in attendance as well as in the American league standings, with a total of 556,068 in 17 home games.

The New York Giants, first place tenants in the National league, are also the circuit's best attraction. They have played to 438,131 in 19 games at the Polo Grounds.

NATS TRIM YANKS

A crowd of 44,779 saw the Yankees inaugurate the night season yesterday at the stadium. The inauguration proved anything but a success as the Washington Senators, behind the five-hit pitching of Walter Masterson, defeated the Yankees 4-1.

Only 4,908 fans in Philadelphia saw the Boston Red Sox bump the Athletics out of first place in the American league 8-1.

Eddie Joost, Athletics' bespectacled shortstop, finally committed his first error of the season after playing through 41 consecutive errorless games—38 this season and three in 1947. The miscue ended a streak of 225 errorless chances. Both are new American league records.

The error occurred in the third inning when Joost threw Stan Spence's bouncer into the dirt while trying to catch a runner at the plate. Two men scored on the wild throw.

Whitey Lockman and Gil Hodges drove in four runs apiece as the Giants and Dodgers played an 11-inning 4-4 tie at Ebbets field before 9,353 fans. The game was halted after 11 innings in order to allow both teams to catch trains for the west where they open their second invasion of the season today.

SIGNS UP— Ed Chatlain (left), former Senior high athletic great, signs today as supervisor of Mansfield's junior baseball program. Looking on is Stan Kamen, city recreation director.—(N-J photo)

Ed Chatlain Named Head Of Junior Baseball Loops

Ed Chatlain, coach at New London and one of Senior high's all-time athletic greats, was today named to supervise the city Hot Stove league baseball program.

Chatlain will direct a baseball school for boys under 18 three mornings weekly and will be in charge of all Hot Stove league games. He will assume his duties immediately.

The announcement was made by City Recreation Director Stan Kamen, who is also secretary of the Hot Stove league. Chatlain will begin work organizing the leagues and getting them ready for play, June 21.

JOINT PROGRAM

The program is being set up jointly by the Hot Stove league and the City Recreation department. Funds for bats, balls and bases come from the Hot Stove league while the city is furnishing the supervision.

The baseball school will be held on Monday, Wednesday and Friday mornings each week at Liberty park, the only tuition being that the boy be serious about wanting to learn to play the game. It will continue until the end of August.

League play in the three age divisions will be on Tuesday and Thursday afternoon and evenings on Blue Goose, Liberty park, Tappan field and Johns Todd park. Meetings to organize teams will be held next week at the various parks.

The sandy-haired 29-year old Chatlain has just completed his first year at New London—his third as a coach. He previously coached for a year at Shiloh and Savannah. He had baseball at the two latter schools and at New London, which has no baseball, he tutored the district track champions.

ALL-AROUND STAR

Senior high had no baseball at the time Chatlain was in school but he played two years of American Legion ball while starring at football, basketball and track. He played other amateur ball about the city and later for Wittenberg college. He won nine letters at Wittenberg, three each in football, basketball and baseball.

He entered the navy upon graduation from college and played on the diamond teams at Long Beach NAS and Ottumwa, Iowa, NAS. A chief athletic specialist when discharged, Chatlain now makes his home on the Olivesburg road in Mansfield.

Hot Stove Baseball Group Sets Meeting

The Mansfield chapter of the National Hot Stove league will hold its regular monthly meeting tomorrow at 7:30 p. m. in the City building.

The Hot Stovers will hold an open discussion on junior baseball. Final plans for the summer baseball program will be made.

St. Rose Coach Goes to Cleveland

CLEVELAND (INS)— Fred J. George of Lima is the new head football coach at St. Ignatius high school in Cleveland today.

George will assist Bill Scopel with the Wildcat cage squad.

The 30-year-old coach burst into prominence in Ohio high school athletics last winter by leading Lima St. Rose high school into the finals of the State Class B basketball tournament.

Tappan, Brass Win Contests In Gals' Loop

Tappan Stove and Ohio Brass rested on top of the Girls' softball league following second round games yesterday.

Both teams slugged out decisive victories. Tappan Stove trounced Westinghouse, 27-17, while Ohio Brass was beating Lumbermen's, 14 to 9.

Doris Singley, Tappan Stove manager, distinguished herself as "another Lou Boudreau" when she played shortstop and collected five hits in five trips.

Lumbermens and Westinghouse have both dropped their only starts while the leaders have each won two games.

Two Players Get Banned

WINSTON-SALEM, N. C. —(AP)—Police investigation continued today where organized baseball left off yesterday in the banishment of two men from the game for life.

A lifetime ban was placed against Bernard DeForge, pitcher-manager of the Reidsville, N. C., team of the Carolina league, and Ed Weingarten, an official of the Florence, S. C., club of the Tri-State league and Leaksville, N. C., of the Blue Ridge loop.

They were banned on charges of bribery, gambling and game-throwing.

George M. Trautman, president of the National Association of Professional Baseball leagues, ruled the two men out of organized baseball yesterday at his Columbus, O., offices.

Trautman said Deforge admitted throwing a game for $300.

Kenyon College Hires New Lacrosse Coach

GAMBIER — (AP) — Kenyon college announced yesterday it had hired a professional coach for LaCrosse.

He is William C. Stiles, who was a LaCrosse star at Hobart college and has been assistant LaCrosse coach at Rensselaer Polytechnic Institute for the last two years. Stiles will begin work here in the fall.

Supply Golf Quartet Can Go Into Lead

The News-Journal A Golf league was practically a seven team tie today but the Myers Supply team had an opportunity to blow the loop wide open in its postponed match this evening.

Myers is scheduled to meet Ideal Billiards this evening at Possum Run in a match postponed from yesterday and can take over the league lead if it can snatch four of the five available points.

Blue Goose Tavern held onto the top spot yesterday although losing to Flexible Conveyor, 3 to 2. The two points picked up gave Blue Goose a total of nine points, one more than Orr Typewriter and three above Myers.

MISSES CHANCE

Smokehouse missed a golden opportunity to take over the lead as it won only one point while surrendering four to Penn Auto and Sporting Goods. Jerry Rosenberger, captain and leadoff man for Penn fired a 36 to defeat Al Hager who took 39.

In the other match PD's Bar won three points while dropping two to Orr Typewriter.

Aided by an eagle on the long par 5 third hole, Pete Thoma shot a 35 for medalist honors of the day. Two matches went an extra hole. Rollie Rachael, 39, beat Henry Miller, 37, and Phil Schwaher, 38, defeated Dick Gaubatz, 36.

The standings: Blue Goose 9, Orr Typewriter 8, Smokehouse 7, Flexible Conveyor 7, Penn Auto 7, Myers Supply 6, PD's Bar 6 and Ideal Billiards 4.

'Babs' Scott To Turn Pro

TORONTO, Ont.—(INS)—Barbara Ann Scott, Canada's lovely figure skating queen who once turned down a gift-car to retain her amateur status, has decided to become a professional.

The 20-year-old ice ballerina, winter Olympic champion and European figure skating titlist, probably will sign one of the many contracts proffered her by Hollywood studios.

Robert V. Hicks, Miss Scott's attorney and business manager, made the announcement. He said that the talented skater will contribute the bulk of her earnings to the St. Lawrence Foundation, an organization devoted to the service of crippled and underprivileged children.

Hilborns Top Doubles Loop

Art and Hazel Hilborn walked off with all the honors as the mixed doubles bowling league observed its first bowling last night on the Colony alleys.

Art Hilborn led the men's division with 179-184-203—566, while the combined scores of the two were good for the best net of the evening—a 1032. Hazel posted 135-199-132—466.

Helen Wilhelm turned in probably the best bowling job of the night as she fired 167-212-169 for a 548 series. Harry Swimley had a 208-176-165—549 and Dick Adams chipped in with 162-200-178—540.

Lannie Pearl and Paul Barnes had a 1,044 but were blessed with a 298-pin handicap. The Hilborns bowled from scratch.

Komito's 9 Takes Independent Lead

Four teams were active in the Independent Softball league yesterday but the one which was not—Komito's Clothes—moved into first place.

Komito's jumped to the top rung when the only other undefeated team in the league, American Legion Post 72, lost to Penn Auto and Sporting Goods by a 3-1 count. The game was well pitched, with each team getting but two hits.

The defeat dropped Post 72 into a tie with Greystone Nite club and Penn Auto at one victory and one defeat each. Greystone notched its first win yesterday in a slugfest, edging Ohio Sports Center, 13-11, at Prospect park.

The defeat was the second for the Sport Center team against a single victory, leaving them in fifth place.

Cleveland Browns To Begin Drills In July At B-G

CLEVELAND —(INS)— The Cleveland Browns again will call Bowling Green State University home for the 1948 training season.

Paul E. Brown, coach nd general manager, announced today that the all-America football conference champions will return to the Bowling Green campus for the third straight year for the opening of practice sessions Monday, July 26.

Brown said 25 members of the 1947 squad will be joined by a like number of young football hopefuls.

Two exhibition contests plus an intra-squad game highlight the training period. The Browns meet the Buffalo Bills Sunday, Aug. 22, in Akron, and the Baltimore Colts Friday evening, Aug. 27, in Toledo.

The intra-squad clash is scheduled for Aug. 14 at Bowling Green.

Big Car Races

SHARON — Big car auto races will be staged at Sharon speedway, located in Hartford, Ohio, near here, June 6.

Ideal Plays Plumbers In Top Contest

The softball spotlight tonight will fall on the Industrial league game between Ideal Electric and Mansfield Plumbing and Heating at Liberty park.

Ideal is tied with Farm Tools for the leadership of the Class A loop with victories over Dominion Electric, 8 to 6 and Mansfield Tire, 15 to 4. The Plumbers are tied with Tappan Stove for second place. They knocked off Telephone Company, 5 to 4, for their only win last week.

Farm Tools, defending champion, goes against the Tiremen at North Lake park. The latter club has won one of two games while the Toolmen defeated Cole's Tool and Dye, 11 to 2 and Dominion, 18 to 0.

In the other leagues games tonight, Tappan meets Telephone company at Prospect park and Dominion battles Cole's at Johns park.

★

American Legion Post 16 will practice tonight on the Farm Tools field. The Legion softballers will meet Dominion Electric in an exhibition game tomorrow at Prospect park.

Approve Date

CHICAGO —(INS)— June 17 has been approved tentatively as the new date for the proposed welterweight championship boxing bout between Ray Robinson and challenger Bernard Docusen.

Doctor Says Joe's In Shape

By LAWTON CARVER
(INS Sports Editor)

NEW YORK Reports that Joe Louis' heavyweight defense against Jersey Joe Walcott might be called off because of Louis' poor condition seemed to have been dispelled today.

The 20th Century Sporting club took due cognizance of the rumors, denied that they were true and dispatched Dr. Vincent Nardiello, commission physician, to the Louis camp at Pompton Lakes, N. J., for a checkup.

Dr. Nardiello reports that Louis is physically and emotionally ready—or at least approaching readiness.

The doctor added:

"I found Louis in better condition than when I examined him before the last Walcott match and in much better condition than he was in for the second Billy Conn fight."

Louis agreed that he never felt better in his life and added that if he keeps on feeling this way he may not retire after all in the event he beats Walcott on June 23.

He said,

"If I lick Walcott I may change my mind about retiring."

Louis still doesn't look any too good mainly because his face has taken on a pudginess that makes it look as though he had been whipped around the head with a baseball bat. He's fat and nearing 40—34 to be exact.

He weighed 216 pounds after his workout yesterday, which means that he will go into the ring against Walcott at about 212 or thereabouts.

He was a much better fighter when he used to shade 200—but in those days he used to shade the age of 30, too, and you must know that a few years can make as much difference as many pounds.

Louis says he feels better now than at any time since he was discharged from the army, soon after which he took on Conn in one of the all-time stinkeroos. Conn was terrible and Louis was rusty.

Gorman-Rupp Wins First In League

Mansfield Outfit Wins In 8th, 3-2

Gorman-Rupp had to go one extra inning last night to defeat a youthful Tiffin Routh Packers softball outfit, 3 to 2, in the first North Central Ohio Inter-City softball league game for both teams at the G-R field.

Manager Nick Weber walked to open the last of the eighth and Tic Hamilton followed with a double to center. Bud McKee's looping single to right-center provided the winning run.

The Tiffin club got only one hit off Bobby Regula but threatened in almost every inning as the Gorman-Rupp fire-baller had little control. He walked eight men but manged to strike out 14.

GET FOUR HITS

Gorman-Rupp got to two Tiffin pitchers for only four hits, one a first inning home run by Kenny Windsor. Smoky Keller, the Tiffin starter, had a pulled muscle in his right leg and had to retire after four innings. Then Bobby Simmons, a 15-year-old high school freshmen, took over.

The G-R team couldn't do a thing with Simmons until the final inning. However, he was noticeably nervous and walked four.

Mansfield went ahead 2-to-0 in the third inning when Windsor was safe on an error. He stole second and scored on a passed ball. Tiffin cut into the lead in the fourth when Agerter walked, pilfered second and counted on an error.

The visitors knotted the score in the sixth inning. Agerter again started things off by getting a life on a bobble. He went to second on a grounder and crossed the platter on Simmons' single.

★

Gorman-Rupp plays its second league game tonight when it travels to Marion to meet Smitty's Grill. Willard plays at Ashland in the other game tonight.

★

The Tiffin team has only two players over 20 years old. Several of the Packers graduated from high school this spring.

Miller Tops Tyger Batters For 2nd Year

Husky Joe Miller for the second straight year paced the batting attack of the Senior high baseball team, according to figures released yesterday.

Miller, though only a junior, batted in the cleanup spot for the second season in building up an average of .452. He hit well over .500 last year.

With the exception of Second-baseman Shelly Swank and Pitcher Lou Gregorio, the batting averages of the other regulars are woefully weak. Swank, one of the two seniors on the team, hit for a .311 mark while Gregorio had .276.

POINTS TO GOOD YEAR

Despite the low batting averages, all evidence points to a good season for Coach Jimmy Lymper's squad next year as the coach has experienced, steady men in all but one position. Tom Tucker saw much service this year and should be able to step into Swank's shoes at second base with little trouble. At first base, however, Lymper must find a replacement for lanky Don Gross.

Returning next year will be juniors Mike Gruber at third base, Sparkie Watts at shortstop, Phil Rogers in left field and Miller and Gregorio in the battery. Outfielders Charles Marchant and Corky Perrine are sophomores. Perrine broke his left ankle in the final game of the season.

The Tygers won 10, lost three and tied one. They copped the district title for the fourth straight year.

Al Hager Named Alternate For 1948 National Open

Mansfield's Al Hager today was listed as an alternate in the National Open golf tournament scheduled for June 10-12 in Los Angeles.

Hager yesterday fired a 76-80—156 over the Aurora country club course in Cleveland to rank seventh among the alternates. Three other local golfers also played in the qualifier yesterday but failed to finish in the running. They were Carl Wiseman who fired 80-79—157, Dale Rose, who had 83-88—171, and Westbrook Pro Tom Raklets who withdrew.

Harold Paddock Jr won the Cleveland qualifier with 75-77—152 to become one of the 12 eligible from the state. Three others, Joe Thacker (148) of Akron, Walt McClain (150) of Cleveland and Carson Heiner (152) of Akron, qualified from the Cleveland tournament.

The six other Buckeyes named yesterday include Herman Keiser (142) of Akron and Tony Penna (141) of Cincinnati, who qualified at Fort Worth, Tex., John Busemeyer (137) and Tommy Earls (139) who played at Cincinnati, Henry Pabian (154) of Steubenville who played at Pittsburgh and Kent Peterson (153) of Toledo who qualified at Detroit.

Two other Buckeyes who will play in the Open were exempted. Lawson Little of Cleveland is eligible for being a former champ while Frank Stranahan of Toledo finished among the first 20 last year.

All "name" golfers got by qualifying rounds except Jimmy Thomson of Los Angeles and Bob Hamilton of Landover, Md.

Jack Harden of El Paso, Tex., a stranger among name players, fired the hottest score in the nation—a nine under par 133. A record entry of 1,418 took part in the qualifying trials.

Lou Takes Rabbits Out Of His Cap

By BILL CORUM

NEW YORK — (INS) — Now we know how Lou Boudreau does it. Checking back on what little data we have on Cleveland's "Nature Boy," we discover that he was born, and lives, in Harvey, Ill. So it must be just a matter of him taking rabbits out of his baseball cap.

As you know, Boudreau really is not a youngster as baseball ages are figured. He's a veteran, who has done just about everything a fellow could do except to play in a world's series.

The only time in recent years when he wasn't the starting shortstop in the A. L.-All-Star line-up, he voted himself out of the job. Which is the sort of modest fellow he is, and which also explains why they have gone back to polling the fans to select the all-star teams.

CALLOW YOUTH

In comparison with veteran Connie Mack, however, Lou is a "callow youth" of purest ray serene. He will be 31 on the 17th of July, which is Bastille day in Cleveland. If you don't like Boudreau, they'll throw you in jail out there and let you practice beating up a few big rocks into little ones as pennance for your sin. Figuratively, at any rate.

It also is true that when Boudreau was born, Connie Mack had grown and married children. Which, with the A's and Indians hanging in there together in a practical tie through recent games, raises the question of whether baseball is an old, or young man's game.

Lou, of course, is the only player-manager in the major leagues today. A sort of one-man ball team. He even caught a couple of innings in a pinch over the week end.

Peering through a catcher's mask must have hurt his batting eye, too When he came to bat against the Browns with the bases loaded Monday, all he could hit was a grand slam home run.

Jack Could Turn Tide

PITTSBURGH—(INS)—The Davis cup may go back "down-under" this year if—Jack Bromwich decides to play.

That is the combined opinion of two men who should know; Jack Kramer, one of 1947's successful defenders, and Dinny Pails, whose memorable five-set duel against Ted Schroeder almost turned the tide in Australia's favor.

Both men, now professionals, agree that if Bromwich, who refuses to fly to the matches, settles his differences with the Australian Davis cup team and gets into shape, he can wrest the cup from America.

Announce Independent Loop's New Officials

Emil Mansfield, president, and Elmer Carrico, secretary, were announced yesterday as the new officials for the Independent bowling league next season.

Brass Assembly and Core Room finished in a tie for the Independent league title, with Brass Assembly winning a roll-off. Joe Hetler had the high single game of the season—a 257.

WASHINGTON, D. C. — Jake Lamotta, 164, New York, knocked out Ken Stribling, 161, Washington, 5.

Sanity Code Spurs Big 9 Into Action

By CHARLES EINSTEIN

CHICAGO —(INS)— The sanity code, pure food and drug act of college athletics, reportedly has spurred the western conference to clean house with a rotary motion that affects almost everybody.

It is reliably reported that seven of the nine conference schools have incurred the wrath of Commissioner Kenneth L. Wilson, and of a faculty committee which studied the new N.C.A.A. ruling on athletic scholarships and made its report at Madison, Wis., last week.

The two universities not involved, it has been stated, are Ohio State and Minnesota. All the others apparently were found guilty in one degree or other for violation of existing rules covering proselyting and aid to athletes.

MAY BE BLOWOFF

Whether this will result in a wild-eyed blowoff from conference chieftains is not certain at the moment, but it is significant that one Big Nine spokesman, in reply to specific questions, said yesterday:

"If anything is to happen, it will come out of Big Nine headquarters in Chicago . . . A news conference will be called . . . "

He did not deny the reports of trouble in the ranks.

Also of interest is the conference's repeated tabling of Michigan State's bid to join the circuit. The Spartan school's latest—supposedly its third—request for membership occurred at the Madison meetings over the week end and once again was coolly received.

Refusal to admit Michigan State to the conference has been reported to stem from pressure brought to bear by authorities at Michgan, who are determined to maintain the outward as well as the inward signs of athletic supremacy in that state.

66 Pro Boxers Lose Licenses

PROVIDENCE, R. I. —(AP)— In one of the most sweeping and drastic moves it has ever taken, the Rhode Island Boxing commission has revoked the licenses of 66 fighters.

Charles F. Reynolds, chief deputy of the State Racing and Athletics commission in charge of boxing, said the move was "the first step in a weeding-out process aimed at eliminating boxers who give evidence of being physically unable to continue in the best interest of their own health and the sport itself."

NBA Appoints District Head

WICHITA, Kan.—(INS)—The National Baseball Congress today announced the appointment of Roger J. Stauffer, New Knoxville high school athletic director, as district commissioner to supervise the sanctioned tournament at New Knoxville, O., starting June 27.

The winner of the New Knoxville tourney and other district winners will meet for the state NBA title at Ada, O., July 24.

Big Cage Tilt

CLEVELAND—(U.P.)—The University of Kentucky basketball team will play Bowling Green State university in the Arena here next winter in the top attraction of a series of cage contests being arranged by Arena President Al Sutphin.

YESTERDAY'S STARS

(By Associated Press)

Batting— Whitey Lockman, Giants, and Gil Hodges, Dodgers. Each drove in all his team's runs in an 11-inning 4-4 tie. Lockman hammered out two home runs and a single. Hodges slammed a three-run homer and drove in the other run with a long fly.

Pitching — Walter Masterson, Senators, pitched a five-hitter and retired the last 20 men in order as he hurled the Senators to a 4-1 victory over the New York Yankees.

Rotarians Greet New Officers

Dishman L. Burns received congratulations from fellow Rotarians on his recent election as president of the Rotary club, at a noon luncheon meeting of the club at the Mansfield-Leland hotel yesterday. Millard H. Pryor, present Rotary club president, presided. Ruhland D. Isaly served as program director at the meeting.

Other recently-elected officers of the club who received congratulations were Glenn L. Bierly, vice president; Walter W. Willis, secretary-treasurer, and James Clark, sergeant-at-arms.

A technicolor movie entitled "Green Harvest" concerning the reseeding, replanting and conservation of forests was shown at the meeting.

The movie explained the nation-wide care given to forest areas and described the harvesting of the forest crop generations after planting.

HERE is a pleasant little game that will give you a message every day It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name If the number of letters is 6 or more, subtract 4 If the number is less than 6, add 3 The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

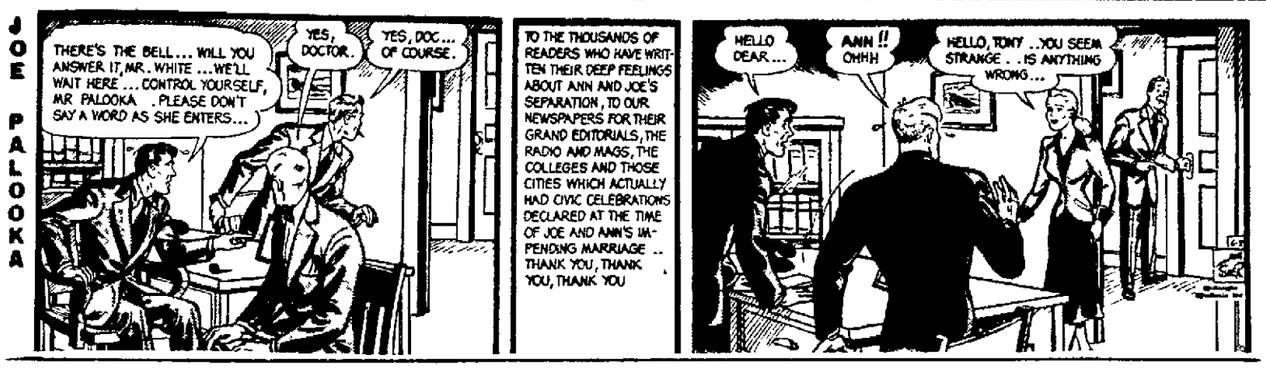
JOE PALOOKA

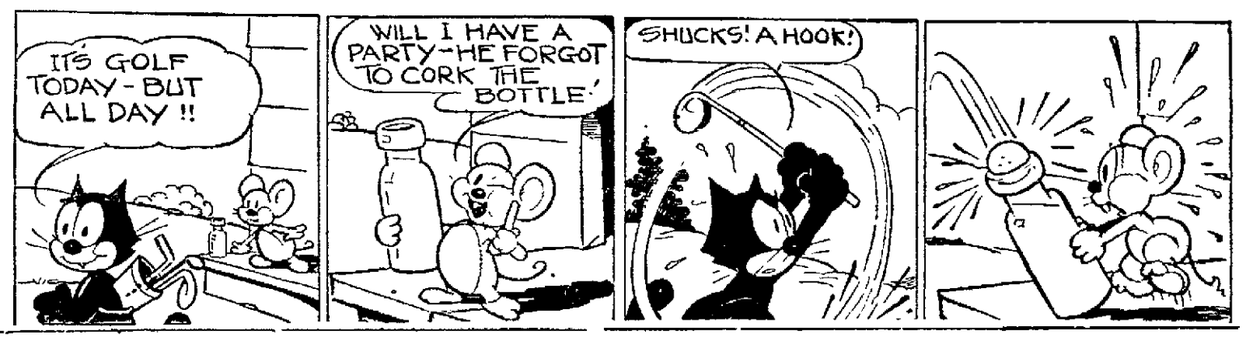


THERE'S THE BELL... WILL YOU ANSWER IT, MR. WHITE ...WE'LL WAIT HERE ... CONTROL YOURSELF, MR PALOOKA . PLEASE DON'T SAY A WORD AS SHE ENTERS...
YES, DOCTOR.
YES, DOC... OF COURSE.
TO THE THOUSANDS OF READERS WHO HAVE WRITTEN THEIR DEEP FEELINGS ABOUT ANN AND JOE'S SEPARATION, TO OUR NEWSPAPERS FOR THEIR GRAND EDITORIALS, THE RADIO AND MAGS, THE COLLEGES AND THOSE CITIES WHICH ACTUALLY HAD CIVIC CELEBRATIONS DECLARED AT THE TIME OF JOE AND ANN'S IMPENDING MARRIAGE .. THANK YOU, THANK YOU, THANK YOU
HELLO DEAR...
ANN !! OHHH
HELLO, TONY ..YOU SEEM STRANGE .. IS ANYTHING WRONG...

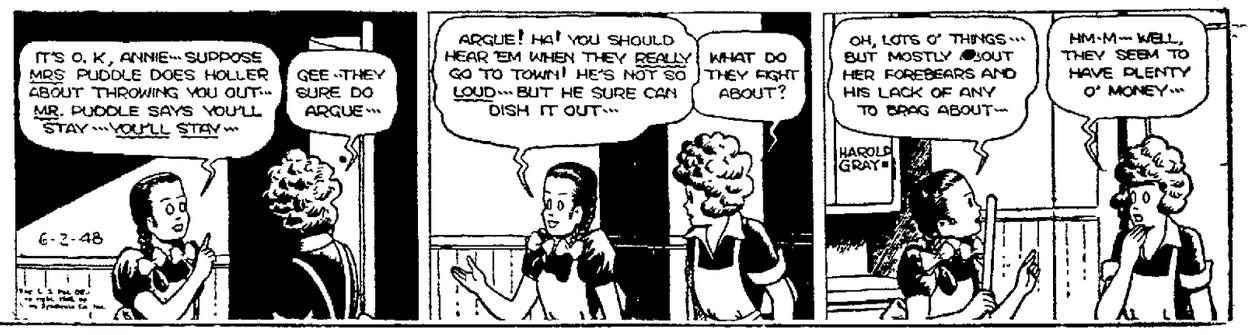
BLONDIE

AH, THE FIRST MOSQUITO OF THE SEASON-- FORTUNATELY I'M PREPARED FOR HIM
I'LL JUST TIE THIS FLYPAPER UP HERE AND PROVE MAN IS SMARTER THAN INSECT
DADDY-- WILL YOU BRING ME A DRINK OF WATER?

FELIX



ORPHAN ANNIE



IT'S O. K, ANNIE-- SUPPOSE MRS PUDDLE DOES HOLLER ABOUT THROWING YOU OUT-- MR. PUDDLE SAYS YOU'LL STAY-- YOU'LL STAY--
GEE-THEY SURE DO ARGUE--

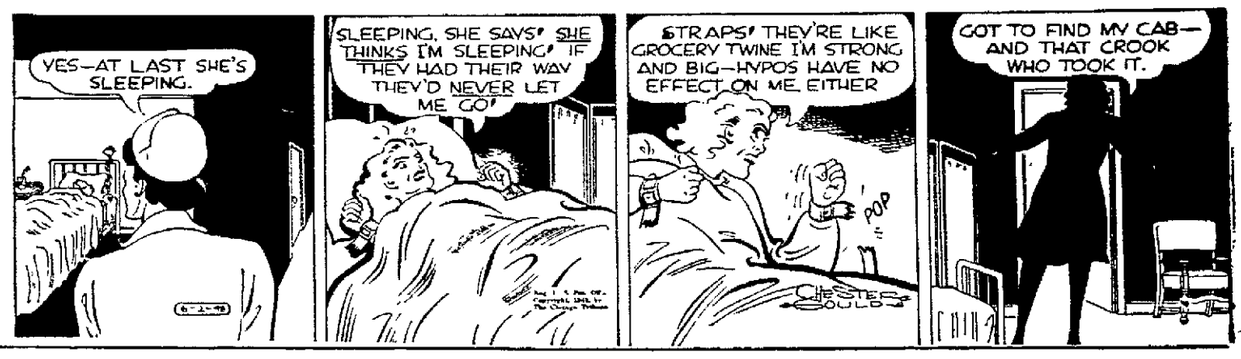
ARGUE! HA! YOU SHOULD HEAR 'EM WHEN THEY REALLY GO TO TOWN! HE'S NOT SO LOUD-- BUT HE SURE CAN DISH IT OUT--
WHAT DO THEY FIGHT ABOUT?
OH, LOTS O' THINGS-- BUT MOSTLY ABOUT HER FOREBEARS AND HIS LACK OF ANY TO BRAG ABOUT--
HAROLD GRAY
HM-M-- WELL, THEY SEEM TO HAVE PLENTY O' MONEY--

TERRY & PIRATES

TERRY, YOU FOOL! NOW SEE WHAT YOU'VE DONE!
CHARTREUSE! IT WAS SWELL OF YOU TO DISTRACT MOTLEY LONG ENOUGH FOR ME TO MAKE HER DROP THAT GUN LET'S NOT SPOIL IT BY YOU GOING MELODRAMATIC TOO!
M'SIEU LEE LAUGHS "BUT IT IS NOT AMUSING THAT I FIND HIM WITH THE BLONDE WITCH ABOUT TO INVADE THE QUARTERS OF M'SIEU BRONZ ONLY A LITTLE TIME AFTER HE AND I AGREE WE ARE FRIENDS
FOR THE LUVVA PETE! CHARTREUSE, YOU DON'T BELIEVE I HAD MUCH OF A CHOICE ABOUT COMING HERE DO YOU?
I DO NOT KNOW, M'SIEU. I TRY VERY HARD NOT TO REMEMBER HOW A QUICK-WITTED THIEF, CAUGHT IN THE ACT, MIGHT DISARM HIS ACCOMPLICE AND POSE AS AN INNOCENT ONE FORCED INTO CRIME AGAINST HIS WILL!

DICK TRACY



YES—AT LAST SHE'S SLEEPING.
SLEEPING, SHE SAYS? SHE THINKS I'M SLEEPING! IF THEY HAD THEIR WAY THEY'D NEVER LET ME GO!
STRAPS! THEY'RE LIKE GROCERY TWINE I'M STRONG AND BIG—HYPOS HAVE NO EFFECT ON ME, EITHER
POP
GOT TO FIND MY CAB— AND THAT CROOK WHO TOOK IT.

Demonstrators Gather to Voice Anti-Red Bill Protests

Reopening Of Hearings In Dispute

Meeting Set For Friday

WASHINGTON — (NS) — More than 5,000 demonstrators prepared to "move on the capitol" today in protest against the Mundt-Nixon anti-communist bill as the Senate judiciary committee rejected opponents' demands for immediate reopening of hearings on the measure.

A committee source disclosed that Chairman Wiley (R-Wis), who is absent from Washington, has decided that the Senate group will not meet until Friday at which time it will decide whether further hearings are necessary.

Meanwhile, former Rep. Jerry J. O'Connell (D-Mont) chairman of the "committee to defeat the Mundt bill" announced that more than 5,000 "labor and progressive leaders" will pour into Washington today by planes, trains and motorcades to protest the measure.

O'Connell said the protesters held a mass meeting at Turner's arena this morning and then broke up into groups to visit their representatives and senators. They may hold a second mass meeting later in the day.

Leon Henderson, chairman of Americans for Democratic Action, issued a statement today in which he charged that the communists are trying to stampede the senate into passage of the bill and urged the legislature to "avoid their trap."

Henderson said the communists want the bill passed because it represents a 'short cut to political martyrdom on which they thrive."

He charged that congressional hearings have "established a new legislative low" and charged that Sens. Moore (R-Okla) and Ferguson (R-Mich) have served as "straight-men" for the communists.

Hearings ended Monday on the bill which would require the registration of all communist and communist front organizations. The measure also would take it a crime to attempt to set up a foreign dominated totalitarian government in the United States.

O'Connell said the committee against the bill demands that hearings be reopened at once.

Despite demands by the former legislator and others, Sen. Ferguson, a leading judiciary committee member, said he sees no need for further public hearings on the measure.

Ferguson said he would be willing, however, to put any pertinent statements or petitions from protesting groups into the record.

A counter view was expressed by Sen. Langer (R-ND), also a committee member, who said he felt the opponents should be allowed to testify "just as long as they want to." He added, however, that he would abide by any decision Wiley sees fit to make.

4 Injured In Mishap

Four persons were injured, one seriously, at 11:15 p. m. Wednesday, when an auto overturned in a ditch on the detour at the Mansfield airport.

Injured were Gloria Knight, 18, of Knoxville, Tenn., driver of the car; Phyllis Matthews, 17, Dale Morrison, 20 and Richard Matthews, 20, all of Galion R. D. 1.

Miss Knight, the only one seriously injured, suffered a broken left shoulder blade and numerous lacerations to the body. She was admitted to Mansfield General hospital for treatment.

The others suffered minor lacerations. They were treated at the hospital and dismissed.

State highway patrolmen, said the accident occurred when Miss Knight failed to negotiate a curve on the gravel road.

Camp Jobs Still Open

Several positions as counselors at the Mansfield Friendly House Settlement camp, Hidden Hollow, are open for local young men and women, it was announced today.

The counselor positions to be filled are waterfront, requiring a Red Cross life-saving certificate, dramatics, crafts and group singing.

Senior counselors must be 18 years of age or older and junior counselors, or counselors in training, must be between the ages of 16 and 18.

The positions offer compensation, and a pre-camp training course will be held prior to the opening of the camp June 7.

Application blanks for the positions, which will be held open for Mansfield applicants until June 7, may be obtained at the Friendly House.

Installment Debt Heavy

WASHINGTON —(AP)— Americans went $1,282,000,000 deeper into debt on the installment plan during the first six months since time payment controls died last November.

A federal reserve board report showed today that the installment credit for retail buying reached the highest point in history, $6,736,000,000 at the beginning of May.

Total consumer credit also reached a record high of $13,596,000,000. This also includes charge accounts and loans repayable in a lump sum, neither of which has been under government control for 17 months.

4 Men Aboard U. S. Destroyers

Four area U.S. Navy reserve volunteers are serving aboard the destroyers the USS English, the USS Lind, and the USS Haynsworth, until December of this year.

They are Frank H. Bebout, seaman apprentice, 325 Reed street; Delbert C. Oiler, electronics technician third class, Mansfield, R. D. 4; James P. Gills, metalsmith first class, Mansfield, R. D. 4; and Merle A. Masters, boatswain's mate third class, Ashland.

They are among volunteers who have made it possible for the destroyers to complete annual afloat training cruises in the Gulf of Mexica, the Caribbean and the South Atlantic for inactive and organized reservists.

Bissman Suffers Fractured Hip

W. J. Bissman, Mansfield attorney and former Richland county probate judge, is receiving treatment in General hospital for a fractured hip suffered in a fall at his home, 563 Russell road, Monday.

Mrs. Bissman said he was painting on the back porch when he fell from a ladder and over the porch rail. His fall was broken by shrubbery, she said.

Fire Fighting Force Boosted

After hearing Fire Chief L. J. Steele report that he expected the No. 5 fire station on Marion avenue to be ready for occupancy by July 1, city council last night passed measures authorizing the hiring of two additional captains and three fireman.

Council had previously provided for three other fireman so a total of two captains and six firemen will be authorized for duty when thhe new station is put into service.

This brings the total fire department strength to a chief, 10 captains and 32 firemen.

Council also approved an appropriation of $189 for the purchase of six low pressure fog nozzles for the fire department.

Club Entertains Senior Class

Three hundred members of the Senior high school Hy-Fun club and their guests are expected to attend a dance given in honor of the graduating senior class at the YMCA from 8-11 p. m. today.

Rita Richert, president of the club, is program chairman in charge of the dance.

Club members and graduating seniors will dance to Dick Butt's orchestra for the three-hour period in the "Y" gym.

GOLF BALLS STOLEN

The Richland golf driving range on West Fourth street reported to sheriff's deputies last night that persons have been stealing golf balls at the rear of the range.

Asks Subway Under NYC In Galion

Will Advertise Bids On Mowing Machine

GALION—City council last night heard a suggestion from Paul J. Gugler, Galion attorney, that a subway be built under the New York Central railroad crossing to eliminate traffic tie-ups.

He suggested that the subway be built under the Church street crossing.

Otto Pfeifer, council president, called upon Service-Safety Director John Porter to report on the proposed project at the next council meeting.

An ordinance was approved directing Porter to advertise for bids on a mowing machine of the tractor-motor type and to accept the lowest bid, providing it does not exceed $1,300.

Porter also was asked to check on what had happened to the mowing machine formerly used by the city. It is reportedly in good condition.

The city was authorized to enter into mutual fire assistance pacts with surrounding cities, villages, and townships, including Mansfield, Bucyrus, Crestline, Shelby, Tiro, North Robinson, Leesville and surrounding areas.

Police Chief Walker submitted a long list of suggestions for eliminating traffic tie-ups and nuisances. The list was referred to the street committee.

A resolution authorized the transfer of $25,000 from the electric light fund to the electric light utility fund.

Another resolution authorized the city engineer to prepare plans and specifications for the improvement of West Church street from the intersection of Jefferson street to the present end of Church street. The improvement is to include paving, curbs, gutters and sidewalks.

Ice Carnival Ends Tonight

"Hollywood on Ice," which has drawn well over 5,000 persons to the Coliseum since its opening Friday night, closes its seven-performance appearance in Mansfield at 8:30 tonight

Leon Cohan, advance manager, said his company would bring another ice carnival to Mansfield next year, possibly early in the spring.

"Hollywood on Ice," a show offering 30 acts with eight production numbers, has won high acclaim by the thousands who have seen it. Opening night troubles, caused by a breakdown of refrigeration machinery plus unexpected difficulty in seating the crowd of 2,000, quickly were eliminated and all subsequent shows went off without a hitch.

The ice stage will be removed immediately following tonight's performance and machinery and the big wardrobe of costumes placed aboard a special car headed for Sioux City, Iowa, the next stop on the cast's seven-month tour.

Within a couple of weeks, the show will lose one of its stars, Helen Smith, of Los Angeles, acclaimed as the fastest spinner on skates, will leave the professional circuit to become a housewife. She will marry a hotel manager in Dallas, Tex.

DOOR BATTERED—W. L. Faulkner, manager of Kobacker's, inspects the battered door of the safe in the store offices, the result of an attempted safe-cracking last night. Burglars did not succeed in opening safe, which contained several thousand dollars.

Start Work On Bowman

Bowman street, from Harker street to Longview avenue, will be closed for 24 hours, beginning 8 a. m. tomorrow to permit brick sealing operations, Street Supt. E. W. Davis announced today.

"We're going to cover the street with an emulsion which will seep in between the bricks and seal them together, making the road more durable," Davis explained.

Davis said road oiling operations will get underway Friday if it does not rain. He has been swamped wth calls from residents of unpaved streets who have been bothered by dust raised by passing automobiles.

Brick-sealing operations are also scheduled in the future for Western avenue, between Fourth street and Heineman boulevard; Stewart avenue, between Summit and Maple streets, and Chestnut street, between Main street and Hammond avenue.

Seniors to Get Diplomas Tonight

Fair weather is in prospect for the twilight commencement exercises today for Mansfield seniors at Stadium field.

The program will start at 6 p. m. as the 385 graduates march onto the field and take their places before the speaker's platform.

The address will be given by Dr. Frank Eversull, Cincinnati educator, author, and lecturer.

School Fetes Close Tonight

Nearly 2,000 persons thronged the Carpenter school grounds last night for the school's annual lawn fete.

It was largely a "nickel party" with virtually everything selling for five cents. There was a "white elephant" sale, a variety of concessions, and pony and jeep rides for the kiddies.

The Brinkerhoff school fete will be held at 6 p. m., today at the school grounds, concluding the series of school parties. There will be a variety of food and concessions.

Sun Dimmed By Fire Haze

CHICAGO — (AP) — Smoke from Canadian forest fires is dimming the sun in parts of the Middle West.

The weather bureau reported today that haziness about the sun is caused by the drifting of smoke from fires in northern Ontario. About 50,000 acres of timber there have been burned this week.

The pilot of a DC-6 reported to the weather bureau that he ran into the layer of smoke at an altitude of 19,000 feet early today between South Bend, Ind., and Archbold, Ohio. He said the smoke was so dense it could be smelled in the plane's cockpit.

Seven German Doctors Hang

LANDSBERG, Germany—(NS)—Dr. Karl Brandt, personal physician of Adolf Hitler, and six other doctors responsible for the deaths of thousands through the Nazi euthanasia program, were executed today.

Dr. Brandt, one-time supreme German medical authority, and the others were hanged on gallows in the Landsberg prison yard only a few yards from the cell where Hitler wrote his "Mein Kampf" while imprisoned in 1934.

Bonus Checks Go To Next of Kin

COLUMBUS —(AP)— The first bonus checks to next of kin of deceased World War II veterans will be mailed this week, bonus officials reported today.

The first group will consist of 25 approved applications. All will be for $400 dollars, the amount specified for survivors of veterans, officials said.

Improve Scout Cabin

Plans for the "winterizing and weatherizing" of the cabin at Camp Niniwan were formed last night at a meeting of representatives of men's service clubs and the Girl Scout camp committee.

The club and Scout representatives will supervise the program. Money for the improvement program was raised by the Girl Scouts at cookie sales and through donations of organizations.

Also discussed were plans for future development of the camp. Officials hope to build two tent units, each capable of housing a troop, but that project is several years away.

The cabin presented by the 40 and 8 of the American Legion last year, will be fixed up this summer. Miss Margaret Rooney, executive director of the Girl Scouts, said the project is necessary to permit winter activities at the camp to give all the 1,270 Girl Scouts here an opportunity for camping activities.

Representatives who attended and their organizations included: G. E. Coffman, Amima; Ross Gage, Gyro; Harold Moody, Lions; C. J. Hartman, Kiwanis; Charles Callihan, Cooperative; Maurice Gordon, Optimists; W. W. Purdy, Rotary; V. B. Thompson, Exchange.

Dr. Bingham To Speak Here

Guy Morse Bingham, social and business specialist of Washington, D. C., will address Mansfield Kiwanis club members at their luncheon meeting Thursday in the Mansfield-Leland hotel.

His address will be entitled "America Today."

Harold Osmond will serve as program chairman at the meeting.

Dr. Bingham is a man of wide experience, having traveled extensively, addressing city organizations in all parts of the United States. Listed in "Who's Who in America," Bingham for many years was one of the foremost lecturers on the lyceum and chautauqua platform.

During World War I he served on a special assignment in Europe.

1949 Model Cars to Be Ready Soon

Major Firms Plan Changes

By DAVID J. WILKIE
(AP Automotive Editor)

DETROIT - (AP) — Barring another major assembly line stoppage nearly all 1949 model autobiles will be introduced before the year's end.

Besides new models industry circles again are talking about possible production records. If the car builders can get all their labor problems behind them—as now seems likely—they may make 1,000,000 cars and trucks between July 1 and Aug. 31.

So far only Ford has 1949 models in production. Other car makers are turning out parts for new models or are awaiting tools to get fabricating work started.

Stimulating both new model work and production possibilities is the fact that General Motors, Ford and Chrysler have been able to build up materials stockpiles during recent weeks. GM closed each of its plants for a week during April or May. Ford production was curtailed during a model change-over and the now-settled Chrysler strike halted consumption of materials by that manufacturer.

The industry has not had a 500,000-unit month since June 1941. In that month United States plants produced 510,525 cars and trucks.

Next of the car manufacturers to swing to new models will be Nash. Although it may lose a month's production in the change-over Nash's output this year should top 125,000 units. Nash bettered its pre-war high mark in 1946 and again last year. It made 98,769 cars in 1946 and 113,315 last year.

Indications now are that Studebaker may be one of the last to get 1949 models on the assembly lines, probably not until early January.

CHANGES AWAITED

Industry circles are keenly interested in the changes companies like Studebaker, Packard and Hudson may make in their body styling. They were among the first to introduce the postwar style of lower overall height and the pontoon-like fenders. So far as the 1949 mode is concerned they may be said to already have it. So the changes—if any—these companies may have in mind probably will be considerably less drastic than those of other producers.

Most industry observers believe the era of the low, streamlined passenger automobile with its lowered center of gravity and "off-the-axle" rear seat, has just begun. There will be no radical departure from this trend for some years to come, according to many industry experts.

It should be noted, though, that ultra-streamlining the postwar car with its flatter hood and straight fender lines from headlamps to taillights is achieved mainly by sheet metal stampings. The stampings represent only a relatively small part of the new expense and can be changed almost over night.

Some idea of what is done with stampings is given by General Motors with the limited number of basic bodies it uses for its various models. By changing fenders and hood covers it gains a completely different appearing vehicle.

Many industry authorities believe that once all the 1949 models have been brought out there will be no more radical design changes before 1951 or later. That means "face-lifting"—changing the shape of fenders, hood covers and radiator grills—again will be in order for 1950 and possibly 1951.

Certainly the several companies that boasted they "went all out" in re-styling and re-designing their postwar models at heavy expense will want to get back some of the investment before spending more millions for engineering changes.

'Exercise Britannia' Planned as War Guard

CAMERLEY, Eng — (AP) — Plans for a concentrated study of civilian defense against attacks by atom bombs have been announced by Field Marshal Viscount Bernard L. Montgomery, chief of the British imperial general staff.

Montgomery said representatives from cities heavily bombed in World War II would be called together next year to help military experts chart a program for use if Britain undergoes a "surprise attack."

He said the study would be known as "Exercise Britannia" and would mark the first coordination of civil defense with military technique in the atomic age.

Montgomery outlined the program at a news conference winding up a week of annual training conferences and maneuvers for top line empire army officers at the war office staff college.

The 1949 exercises—fourth of the postwar period—would be devoted exclusively to the "Exercise Britannia" project. He said it will enlist the services of highest ranking commanders not only in the homeland but from the dominions and colonies.

"It is of the greatest importance that we get down to this work next year," he said. "The two things can no longer be kept in watertight compartments. The old ideas of war are gone. We as soldiers are very much mixed up in the warfare on civilians; and the civilians share our troubles. We must evolve a civil defense doctrine and technique which will join the civil organization with the military one."

Montgomery would not be drawn into any speculation about the possibility of another war. However, reviewing the postwar role of the new streamlined British Army, he said:

"Generally speaking I believe another war would be fought with weapons developed before the outbreak of war, and above all I believe that the man is still the first weapon of war. In the end it is the man who has to do his stuff. Even if he only presses a button.

"Thus to win battles—and wars—you must have men who are fit and intelligent and trained. They must be aided by science—but it is the human thing that matters most."

Tax Refunds Perplexing To Congress

Committee Quits Trying to Guess

WASHINGTON — (AP) — The House appropriations committee Tuesday gave up trying to guess how much income tax refunds will cost next year.

Because of "many imponderables," the committee recommended the treasury be given an indefinite appropriation "to assure availability of adequate funds to make payments promptly."

Normally the refunds run in the neighborhood of two to three billion dollars a year and in the past the committee has cut the treasury's estimates and made fixed appropriations.

The new recommendation recalled that last year Congress cut $800,000,000 from the department's $2,031,000,000 refunds request and later had to make two additional appropriations totaling $1,068,000,000. These boosted the total for refunds in 1948 to $2,229,000,000.

The committee said the amount to be refunded to taxpayers in 1949 "will be contingent upon a number of unrelated factors which are not susceptible of measurement in advance."

Demonstrators Gather to Voice Anti-Red Bill Protests

Reopening Of Hearings In Dispute

Meeting Set For Friday

WASHINGTON —(INS)— More than 5,000 demonstrators prepared to "move on the capitol" today in protest against the Mundt-Nixon anti-communist bill as the Senate judiciary committee rejected opponents' demands for immediate reopening of hearings on the measure.

A committee source disclosed that Chairman Wiley (R-Wis), who is absent from Washington, has decided that the Senate group will not meet until Friday at which time it will decide whether further hearings are necessary.

Meanwhile, former Rep. Jerry J. O'Connell (D-Mont) chairman of the "committee to defeat the Mundt bill" announced that more than 5,000 "labor and progressive leaders" will pour into Washington today by planes, trains and motorcades to protest the measure.

O'Connell said the protesters held a mass meeting at Turner's arena this morning and then broke up into groups to visit their representatives and senators. They may hold a second mass meeting later in the day.

Leon Henderson, chairman of Americans for Democratic Action, issued a statement today in which he charged that the communists are trying to stampede the senate into passage of the bill and urged the legislature to "avoid their trap."

Henderson said the communists want the bill passed because it represents a 'short cut to political martyrdom on which they thrive."

He charged that congressional hearings have "established a new legislative low" and charged that Sens. Moore (R-Okla) and Ferguson (R-Mich) have served as "straight-men" for the communists.

Hearings ended Monday on the bill which would require the registration of all communist and communist front organizations. The measure also would take it a crime to attempt to set up a foreign dominated totalitarian government in the United States.

O'Connell said the committee against the bill demands that hearings be reopened at once.

Despite demands by the former legislator and others, Sen. Ferguson, a leading judiciary committee member, said he sees no need for further public hearings on the measure.

Ferguson said he would be willing, however, to put any pertinent statements or petitions from protesting groups into the record.

A counter view was expressed by Sen. Langer (R-ND), also a committee member, who said he felt the opponents should be allowed to testify "just as long as they want to." He added, however, that he would abide by any decision Wiley sees fit to make.

4 Injured In Mishap

Four persons were injured, one seriously, at 11:15 p. m. Wednesday, when an auto overturned in a ditch on the detour at the Mansfield airport.

Injured were Gloria Knight, 18, of Knoxville, Tenn., driver of the car; Phyllis Matthews, 17, Dale Morrison, 20 and Richard Matthews, 20, all of Galion R. D. 1.

Miss Knight, the only one seriously injured, suffered a broken left shoulder blade and numerous lacerations to the body. She was admitted to Mansfield General hospital for treatment.

The others suffered minor lacerations. They were treated at the hospital and dismissed.

State highway patrolmen, said the accident occurred when Miss Knight failed to negotiate a curve on the gravel road.

Camp Jobs Still Open

Several positions as counselors at the Mansfield Friendly House Settlement camp, Hidden Hollow, are open for local young men and women, it was announced today.

The counselor positions to be filled are waterfront, requiring a Red Cross life-saving certificate, dramatics, crafts and group singing.

Senior counselors must be 18 years of age or older and junior counselors, or counselors in training, must be between the ages of 16 and 18.

The positions offer compensation, and a pre-camp training course will be held prior to the opening of the camp June 7.

Application blanks for the positions, which will be held open for Mansfield applicants until June 7, may be obtained at the Friendly House.

Installment Debt Heavy

WASHINGTON —(AP)— Americans went $1,282,000,000 deeper into debt on the installment plan during the first six months since time payment controls died last November.

A federal reserve board report showed today that the installment credit for retail buying reached the highest point in history, $6,736,000,000 at the beginning of May.

Total consumer credit also reached a record high of $13,596,000,000. This also includes charge accounts and loans repayable in a lump sum, neither of which has been under government control for 17 months.

1 Men Aboard U. S. Destroyers

Four area U.S. Navy reserve volunteers are serving aboard the destroyers the USS English, the USS Lind, and the USS Haynsworth, until December of this year.

They are Frank H. Bebout, seaman apprentice, 325 Reed street; Delbert C. Oiler, electronics technician third class, Mansfield, R. D. 4; James P. Gills, metalsmith first class, Mansfield, R. D. 4; and Merle A. Masters, boatswain's mate third class, Ashland.

They are among volunteers who have made it possible for the destroyers to complete annual afloat training cruises in the Gulf of Mexica, the Caribbean and the South Atlantic for inactive and organized reservists.

Bissman Suffers Fractured Hip

W. J. Bissman, Mansfield attorney and former Richland county probate judge, is receiving treatment in General hospital for a fractured hip suffered in a fall at his home, 563 Russell road, Monday.

Mrs. Bissman said he was painting on the back porch when he fell from a ladder and over the porch rail. His fall was broken by shrubbery, she said.

Fire Fighting Force Boosted

After hearing Fire Chief L. J. Steele report that he expected the No. 5 fire station on Marion avenue to be ready for occupancy by July 1, city council last night passed measures authorizing the hiring of two additional captains and three fireman.

Council had previously provided for three other fireman so a total of two captains and six firemen will be authorized for duty when thhe new station is put into service.

This brings the total fire department strength to a chief, 10 captains and 32 firemen.

Council also approved an appropriation of $189 for the purchase of six low pressure fog nozzles for the fire department.

Club Entertains Senior Class

Three hundred members of the Senior high school Hy-Fun club and their guests are expected to attend a dance given in honor of the graduating senior class at the YMCA from 8-11 p. m. today.

Rita Richert, president of the club, is program chairman in charge of the dance.

Club members and graduating seniors will dance to Dick Sutt's orchestra for the three-hour period in the "Y" gym.

GOLF BALLS STOLEN

The Richland golf driving range on West Fourth street reported to sheriff's deputies last night that persons have been stealing golf balls at the rear of the range.

Asks Subway Under NYC In Galion

Will Advertise Bids On Mowing Machine

GALION—City council last night heard a suggestion from Paul J. Gugler, Galion attorney, that a subway be built under the New York Central railroad crossing to eliminate traffic tie-ups.

He suggested that the subway be built under the Church street crossing.

Otto Pfeifer, council president, called upon Service-Safety Director John Porter to report on the proposed project at the next council meeting.

An ordinance was approved directing Porter to advertise for bids on a mowing machine of the tractor-motor type and to accept the lowest bid, providing it does not exceed $1,300.

Porter also was asked to check on what had happened to the mowing machine formerly used by the city. It is reportedly in good condition.

The city was authorized to enter into mutual fire assistance pacts with surrounding cities, villages, and townships, including Mansfield, Bucyrus, Crestline, Shelby, Tiro, North Robinson, Leesville and surrounding areas.

Police Chief Walker submitted a long list of suggestions for eliminating traffic tie-ups and nuisances. The list was referred to the street committee.

A resolution authorized the transfer of $25,000 from the electric light fund to the electric light utility fund.

Another resolution authorized the city engineer to prepare plans and specifications for the improvement of West Church street from the intersection of Jefferson street to the present end of Church street. The improvement is to include paving, curbs, gutters and sidewalks.

Ice Carnival Ends Tonight

"Hollywood on Ice," which has drawn well over 5,000 persons to the Coliseum since its opening Friday night, closes its seven-performance appearance in Mansfield at 8:30 tonight.

Leon Cohan, advance manager, said his company would bring another ice carnival to Mansfield next year, possibly early in the spring.

"Hollywood on Ice," a show offering 30 acts with eight production numbers, has won high acclaim by the thousands who have seen it. Opening night troubles, caused by a breakdown of refrigeration machinery plus unexpected difficulty in seating the crowd of 2,000, quickly were eliminated and all subsequent shows went off without a hitch.

The ice stage will be removed immediately following tonight's performance and machinery and the big wardrobe of costumes placed aboard a special car headed for Sioux City, Iowa, the next stop on the cast's seven-month tour.

Within a couple of weeks, the show will lose one of its stars, Helen Smith, of Los Angeles, acclaimed as the fastest spinner on skates, will leave the professional circuit to become a housewife. She will marry a hotel manager in Dallas, Tex.

DOOR BATTERED—W. L. Faulkner, manager of Kobacker's, inspects the battered door of the safe in the store offices, the result of an attempted safe-cracking last night. Burglars did not succeed in opening safe, which contained several thousand dollars.

Start Work On Bowman

Bowman street, from Harker street to Longview avenue, will be closed for 24 hours, beginning 8 a. m. tomorrow to permit brick sealing operations, Street Supt. E. W. Davis announced today.

"We're going to cover the street with an emulsion which will seep in between the bricks and seal them together, making the road more durable," Davis explained.

Davis said road oiling operations will get underway Friday if it does not rain. He has been swamped wth calls from residents of unpaved streets who have been bothered by dust raised by passing automobiles.

Brick-sealing operations are also scheduled in the future for Western avenue, between Fourth street and Heineman boulevard; Stewart avenue, between Summit and Maple streets, and Chestnut street, between Main street and Hammond avenue.

Seniors to Get Diplomas Tonight

Fair weather is in prospect for the twilight commencement exercises today for Mansfield seniors at Stadium field.

The program will start at 6 p. m. as the 385 graduates march onto the field and take their places before the speaker's platform.

The address will be given by Dr. Frank Eversull, Cincinnati educator, author, and lecturer.

School Fetes Close Tonight

Nearly 2,000 persons thronged the Carpenter school grounds last night for the school's annual lawn fete.

It was largely a "nickel party" with virtually everything selling for five cents. There was a "white elephant" sale, a variety of concessions, and pony and jeep rides for the kiddies.

The Brinkerhoff school fete will be held at 6 p. m., today at the school grounds, concluding the series of school parties. There will be a variety of food and concessions.

Sun Dimmed By Fire Haze

CHICAGO — (AP) — Smoke from Canadian forest fires is dimming the sun in parts of the Middle West.

The weather bureau reported today that haziness about the sun is caused by the drifting of smoke from fires in northern Ontario. About 50,000 acres of timber there have been burned this week.

The pilot of a DC-6 reported to the weather bureau that he ran into the layer of smoke at an altitude of 19,000 feet early today between South Bend, Ind., and Archbold, Ohio. He said the smoke was so dense it could be smelled in the plane's cockpit.

Seven German Doctors Hang

LANDSBERG, Germany—(INS)—Dr. Karl Brandt, personal physician of Adolf Hitler, and six other doctors responsible for the deaths of thousands through the Nazi euthanasia program, were executed today.

Dr. Brandt, one-time supreme German medical authority, and the others were hanged on gallows in the Landsberg prison yard only a few yards from the cell where Hitler wrote his "Mein Kampf" while imprisoned in 1934.

Bonus Checks Go To Next of Kin

COLUMBUS —(AP)— The first bonus checks to next of kin of deceased World War II veterans will be mailed this week, bonus officials reported today.

The first group will consist of 25 approved applications. All will be for $400 dollars, the amount specified for survivors of veterans, officials said.

Improve Scout Cabin

Plans for the "winterizing and weatherizing" of the cabin at Camp Niniwan were formed last night at a meeting of representatives of men's service clubs and the Girl Scout camp committee.

The club and Scout representatives will supervise the program. Money for the improvement program was raised by the Girl Scouts at cookie sales and through donations of organizations.

Also discussed were plans for future development of the camp. Officials hope to build two tent units, each capable of housing a troop, but that project is several years away.

The cabin presented by the 40 and 8 of the American Legion last year, will be fixed up this summer, Miss Margaret Rooney, executive director of the Girl Scouts, said the project is necessary to permit winter activities at the camp to give all the 1,270 Girl Scouts here an opportunity for camping activities.

Representatives who attended and their organizations included: G. E. Coffman, Amima; Ross Gage, Gyro; Harold Moody, Lions; C. J. Hartman, Kiwanis; Charles Callihan, Cooperative; Maurice Gordon, Optimists; W. W. Purdy, Rotary; V. B. Thompson, Exchange.

Dr. Bingham To Speak Here

Guy Morse Bingham, social and business specialist of Washington, D. C., will address Mansfield Kiwanis club members at their luncheon meeting Thursday in the Mansfield-Leland hotel.

His address will be entitled "America Today."

Harold Osmond will serve as program chairman at the meeting.

Dr. Bingham is a man of wide experience, having traveled extensively, addressing city organizations in all parts of the United States. Listed in "Who's Who in America," Bingham for many years was one of the foremost lecturers on the lyceum and chautauqua platform.

During World War I he served on a special assignment in Europe.

Firemen Called

Firemen from Central station and stations 2 and 4 answered a call yesterday about 6 p. m., to the Humphryes Manufacturing company plant. Insulation on a wire above a furnace was on fire, they said. No damage was reported.

1949 Model Cars to Be Ready Soon

Major Firms Plan Changes

By DAVID J. WILKIE
(AP Automotive Editor)

DETROIT —(AP)— Barring another major assembly line stoppage nearly all 1949 model automobiles will be introduced before the year's end.

Besides new models industry circles again are talking about possible production records. If the car builders can get all their labor problems behind them—as now seems likely—they may make 1,950,000 cars and trucks between July 1 and Aug. 31.

So far only Ford has 1949 models in production. Other car makers are turning out parts for new models or are awaiting tools to get fabricating work started.

Stimulating both new model work and production possibilities is the fact that General Motors, Ford and Chrysler have been able to build up materials stockpiles during recent weeks. GM closed each of its plants for a week during April or May; Ford production was curtailed during a model change-over and the now-settled Chrysler strike halted consumption of materials by that manufacturer.

The industry has not had a 500,000-unit month since June 1941. In that month United States plants produced 510,525 cars and trucks.

Next of the car manufacturers to swing to new models will be Nash. Although it may lose a month's production in the change-over Nash's output this year should top 125,000 units. Nash bettered its pre-war high mark in 1946 and again last year. It made 98,769 cars in 1946 and 113,315 last year.

Indications now are that Studebaker may be one of the last to get 1949 models on the assembly lines, probably not until early January.

CHANGES AWAITED

Industry circles are keenly interested in the changes companies like Studebaker, Packard and Hudson may make in their body styling. They were among the first to introduce the postwar style of lower overall height and the pontoon-like fenders. So far as the 1949 mode is concerned they may be said to already have it. So the changes—if any—these companies may have in mind probably will be considerably less drastic than those of other producers.

Most industry observers believe the era of the low, streamlined passenger automobile with its lowered center of gravity and "off-the-axle" rear seat has just begun. There will be no radical departure from this trend for some years to come, according to many industry experts.

It should be noted, though, that ultra-streamlining the postwar car with its flatter hood and straight fender lines from headlamps to taillights is achieved mainly by sheet metal stampings. The stampings represent only a relatively small part of the new expense and can be changed almost over night.

Some idea of what is done with stampings is given by General Motors with the limited number of basic bodies it uses for its various models. By changing fenders and hood covers it gains a completely different appearing vehicle.

Many industry authorities believe that once all the 1949 models have been brought out there will be no more radical design changes before 1951 or later. That means "face-lifting"—changing the shape of fenders, hood covers and radiator grills—again will be in order for 1950 and possibly 1951.

Certainly the several companies that boasted they "went all out" in re-styling and re-designing their postwar models at heavy expense will want to get back some of the investment before spending more millions for engineering changes.

'Exercise Britannia' Planned as War Guard

CAMERLEY, Eng. —(AP)— Plans for a concentrated study of civilian defense against attacks by atom bombs have been announced by Field Marshal Viscount Bernard L. Montgomery, chief of the British imperial general staff.

Montgomery said representatives from cities heavily bombed in World War II would be called together next year to help military experts chart a program for use if Britain undergoes a "surprise attack."

He said the study would be known as "Exercise Britannia" and would mark the first coordination of civil defense with military technique in the atomic age.

Montgomery outlined the program at a news conference winding up a week of annual training conferences and maneuvers for top line empire army officers at the war office staff college.

The 1949 exercises—fourth of the postwar period—would be devoted exclusively to the "Exercise Britannia" project. He said it will enlist the services of highest ranking commanders not only in the homeland but from the dominions and colonies.

"It is of the greatest importance that we get down to this work next year," he said. "The two things can no longer be kept in watertight compartments. The old ideas of war are gone. We as soldiers are very much mixed up in the warfare on civilians; and the civilians share our troubles. We must evolve a civil defense doctrine and technique which will join the civil organization with the military one."

Montgomery would not be drawn into any speculation about the possibility of another war. However, reviewing the postwar role of the new streamlined British Army, he said:

"Generally speaking I believe another war would be fought with weapons developed before the outbreak of war, and above all I believe that the man is still the first weapon of war. In the end it is the man who has to do his stuff. Even if he only presses a button.

"Thus to win battles—and wars—you must have men who are fit and intelligent and trained. They must be aided by science—but it is the human thing that matters most."

Tax Refunds Perplexing To Congress

Committee Quits Trying to Guess

WASHINGTON — (AP) — The House appropriations committee Tuesday gave up trying to guess how much income tax refunds will cost next year.

Because of "many imponderables," the committee recommended the treasury be given an indefinite appropriation "to assure availability of adequate funds to make payments promptly."

Normally the refunds run in the neighborhood of two to three billion dollars a year, and in the past the committee has cut the treasury's estimates and made fixed appropriations.

The new recommendation recalled that last year Congress cut $800,000,000 from the department's $2,031,000,000 refunds request and later had to make two additional appropriations totaling $1,068,000,000. These boosted the total for refunds in 1948 to $2,229,000,000.

The committee said the amount to be refunded to taxpayers in 1949 "will be contingent upon a number of unrelated factors which are not susceptible of measurement in advance."

Death Darkens Holiday for Many

AS THE tragic record of the three-day Memorial holiday nears completion, with a total of accidental deaths mounting above the 400 mark, realization must be in the minds of many that a high price is paid in suffering and loss of life as a result of methods employed in what is intended to be enjoyment of a holiday.

As usual, a majority of deaths resulted from traffic accidents of various sorts—with speed and recklessness as largely contributing causes. It is estimated that no less than thirty million cars were on the nation's highways during the holiday period and with even a small percentage of irresponsible driving it is easy to understand that many fatal collisions were inevitable.

Drownings took second place in the list of death-dealing recreation, with plane crashes, fires, falls and other causes making up the "miscellaneous" classification.

It is proper that the as yet unknown number of dead in Oregon floods be not included in the Memorial day count, as that is a hazard not associated with holiday activities and not subject to the exercise of caution which classifies many accidents as "preventable."

Safety organizations are already directing attention to the fact that another three-day week-end holiday is coming along in less than five weeks—the Fourth of July—and are warning that this will present another period of extreme peril for another several hundred persons who were not among Memorial day victims.

Large Auditorium Frequently Needed

AS THE SUN disappears behind the western horizon this evening, 385 young Mansfielders will pass from the days of parental guidance. From then on, in large part, they will be "on their own."

Given fair weather, several thousand Mansfielders will witness the always-impressive commencement ceremonies in Senior high school's stadium. Given unfavorable weather, thousands of friends and relatives will be deprived of the opportunity to attend. Only parents will be admitted to the Senior high auditorium.

Few besides parents were in the crowd of approximately 2,000 persons who sat thoughtfully in First Lutheran church Sunday night as the same group of boys and girls marched into the church to hear their baccalaureate sermon.

Scores stood throughout the baccalaureate service—willingly braving the discomfort to pay their respects to an outstanding group of young men and young women.

Perhaps in that audience there were several hundred who were impressed with Mansfield's complete inadequacy for accommodating large crowds.

First Lutheran church, so pastor Carveth P. Mitchell explained, offered the largest auditorium in the city, yet it was far too small to seat comfortably the thousands who wished to attend.

Would that the members of the 1948 Senior high graduating class would adopt as one of their goals for a better Mansfield the securing of a building with sufficient space for large gatherings; a place large enough for Civic Music concerts such as regularly are sold out; large enough to permit of indoor sporting events; large enough, if you please, to permit all who wish to attend the annual baccalaureate services.

Much the Same In Portage County

ACCORDING to the Ravenna Record, Portage county is in much the same condition as Richland county, in the matter of commercialized gambling, and the Record contends that the resultant unfavorable state-wide publicity is "our own fault."

In an editorial comment the Record says: "As citizens and voters we have become apathetic about the matter of enforcement of gambling laws . . . our law enforcement officials have always been sensitive to what they like to call the 'liberal' vote—a very free use of the word 'liberal,' but that's the term they use.

"It's a sad commentary on government when they are more sensitive to that vote than to the law enforcement vote," the Record contends. "We recommend that law enforcement officials re-examine their oaths of office and then act."

Whether it is the so-called "liberal vote," or some other influence that determines official attitude toward illegal commercialized gambling operations may be debatable—but the "off again, on again" procedure to which Mansfielders have become accustomed at least serves to provide an interesting topic for speculation as to who does the directing of administration policy.

'Voice of America' Needs Guarding

THE LATEST uproar about the Voice of America seems to boil down to a matter of careless supervision by the state department.

The quotations from winter broadcasts to Central and South America, which stirred Congress to indignation, wrath and investigation, are insulting to intelligence when considered by themselves. In their context they became less insulting, but hardly less stupid.

The greatest dereliction involved seems to have been negligence. The scripts of the broadcasts apparently were not examined and approved by any responsible state department representative prior to use. Inasmuch as the Voice of America goes on the air as the official voice of the government, this negligence was inexcusable.

The value of the Voice of America has been called into question on other occasions, and has been stoutly defended by the state department. It seems strange that the department which considers this radio voice of such importance has not taken the trouble to know what it is saying.

An observer of changes sees the world becoming increasingly harsh and fears that this year's college graduates will be immediately forced into well paying jobs instead of having a year or two of leisurely job-hunting.

Candidates are finding that care must be taken in addressing the customarily "intelligent audience", as Stassen has already been accused of splitting an infinitive.

As Claude Callan views it: "The government should discharge a few thousand of its employes and in this way make jobs for deserving people like me."

Union hatters are urging Henry Wallace to drop his candidacy—seeming to prefer a hat on the head to one in the ring.

Raymond Moley's Analysis

Farm Vote Is Being Sought By Promises

THE HUNTING season for the farm vote is now open. The method in this old political game consists entirely in making promises. In this respect, the political technique in appealing to farmers differs from that adopted in pursuing labor or business votes. If a candidate promises higher wages, employers are antagonized. If higher profits are promised, labor wanders away.

In most years it is easy to promise higher prices to farmers, because the impact is diffused and does not directly fall anywhere. This year, however, every consumer is highly sensitive to food prices.

Thus, the promise of higher farm income must somehow be coupled with some ingenious plan to saddle the government with the cost. The various presidential candidates are having trouble finding ways to make bricks without straw.

Henry Wallace is, of course, little concerned with the farm vote this year. His appeal is to workers and other city dwellers. However, his proposal to increase ERP payments to $50,000,000,000 raises farm hopes. His notion of an ever-normal granary for all nations is presumably not a political argument at all but a bit of personal fancy.

* * *

Taft's Honest Views.

SENATOR TAFT, in his usual honest fashion, has stated the truth that the parity formula will have to be revised. This has been interpreted as a suggestion of a downward revision, and it has hurt him in primaries but has increased his stature as a statesman.

Taft has had to follow Dewey in promising a continued support of farm prices. To do otherwise would be to commit political suicide Both Taft and Dewey follow the bills drafted by the Senate agriculture committee, which are revisions of Senator Aiken's plan. That plan is to continue price support for a year and a half and to make price support flexible. It also proposes an extended soil conservation policy.

Stassen has sought to make his promise more attractive by including farm labor in the determination of parity prices. This would lift parity prices considerably, especially if farmers could include not only wages paid out, but the equivalent of wages for their own and their families' labor.

President Truman, of course, is in a position to make promises more immediately effective. The administration has already promised to deliver wheat for export at a lower price than our present support price.

The new support price is approximately $2.25 a bushel.

The international wheat agreement, which will probably pass the Senate before recess, envisages an export price of $1.50 to $2 a bushel for 1948-49, decreasing in succeeding years to a minimum of $1.10 to $1.50. This means heavy subsidies which will be secreted in the ERP billions.

The trouble with the administration program is that our chances for food exports are decreasing because of larger crops abroad. If the international wheat agreement remains over the next few years we may have no wheat problem. But surpluses of other commodities are due, if support prices remain high. None of the candidates have anything to say about this possibility. Presumably, they hope that election may be over before the emergency ripens.

Mundt Bill Hotly Argued

By THOMAS L. STOKES

THE BEST argument against the Mundt-Nixo.. "Anti-Communist" Bill may be found in the attitude of some of its supporters in their argument for it before the Senate judiciary committee.

The measure, recently passed by the House, is designed purportedly to curb communism but it actually goes far beyond that to strike at basic rights of all citizens.

An insidious and seductive approach taken by some of its advocates is that anyone who is against the measure is, by that fact, either a communist or the dupe or stooge or communists.

These dupes and stoogies are perhaps "intelligent" persons, "well-informed," "well-intentioned" and "patriotic." They may be fine people but, alas, they are just blindly following the communists! That's the technique, a familiar one, recalling a similarly familiar one of the shame-on-you-you-poor-fool type back in the Roosevelt days when anyone in favor of some of the economic and social reforms of that time was often dubbed a "softie" or a "do-gooder."

It was said here recently that the danger of the Mundt-Nixon Bill is that its effect would go far beyond communism and communists to frighten and squelch sincere and loyal citizen interested in measures to improve our society and in speaking and writing and carrying on organized activity for them.

* * *

Clouding the Issue.

THIS seems now to be amply demonstrated by some of the measure's supporters who attempt to scare people from opposing this bill by saying that such persons are communists or dupes and stooges of communists.

These champions of the measure obviously are disturbed that so many reputable individuals and organizations are raising their voices gainst it. And, in their condemnation of such free expression or opinion, there is the insinuation that this ought to be stopped somehow. You can almost hear the summons to the secret police.

And now, we discover, it is following communist technique to say that this measure could hurt innocent persons, or so at any rate we are told by Paul Griffiths, former national commander of the American Legion.

He said in his testimony before the Senate judiciary committee that minorities and labor groups and some well-meaning "but not too sophisticated" liberals already have allowed themselves "to be panicked by the sly communist scare tactics 'it's not the communists but you that they are really after.'"

Senator Alexander Wiley (R.-Wisc.), who holds the responsible position of chairman of the judiciary committee, also made his contribution. He said the committee already had evidence of the communist campaign to defeat the bill in "thousands" of telegrams pouring in each day in opposition to it.

Maybe the senator has examined all those telegrams, in spite of the press of business on every member of Congress these days, and knows what he is talking about.

But the inference from such a statement might be that anyone who has sent a wire, or might send one later, is a communist or inspired by communists.

Undoubtedly communists have been drumming up wires busily, just as all sorts of groups do about this and that issue, but that hardly seems reason to criticize the traditional right of petition on this issue.

Return of MacArthur No Longer Feared

By DREW PEARSON

WASHINGTON — Prior to the Wisconsin primary, in which General MacArthur's presidential ambitions took their severest jolt, no Democratic leaders were enthusiastic about MacArthur's return to the U.S.A. Since Wisconsin, however, they feel differently.

Shortly before the Wisconsin balloting, Joe Keenan, who has patriotically spent two long years in Japan prosecuting war criminals, made a personal report to the White House. During the visit, Keenan told President Truman about a conversation he had had with General MacArthur in Toyko.

"No hero's return for me," Keenan quoted MacArthur as saying. "If the President sends for me, I'd park my plane at the national airport, drive to the White House, report to the President and then fly back to Tokyo immediately."

President Truman, greatly interested, remarked that if he thought that was what MacArthur would really do, he was tempted to send for him right away.

Note—More recently President Truman has sent word to MacArthur advising him that he is welcome to return to the United States any time he chooses, if he wants to return and if he feels his absence from the Orient will not endanger our interests there. However, the President has made it clear to MacArthur that he will not exercise his authority as commander-in-chief to order him home.

Secret New Lobby.

A MYSTERIOUS organization, called the Foundation for Economic Education, has set up a vigorous lobby aimed at wrecking the European Recovery Program. It is now busy entertaining congressmen, writing statements for them and printing tons of propaganda.

Brains behind the movement is Leonard Reed, brought to Washington last month by New York's Republican Congressman Ralph Gwinn. Reed started off with a dinner, attended by about 35 congressmen, at the fashionable Statler hotel. He has now organized a spearhead of isolationist congressmen who are trying to block appropriations for Europe.

Several other dinners have been held, but Reed has kept discreetly in the background. His contact man is Percy Graves, former assistant to Sen. Owen Brewster, who now makes Gwinn's office his headquarters.

The congressmen working with the isolationist lobby include John Phillips of California, A. L. Miller of Nebraska, Howard Buffett of Nebraska, Max Schwabe of Missouri, Lawrence Smith of Wisconsin, Frederick Smith of Ohio and Daniel Reed of New York.

All have made speeches and issued statements containing identical paragraphs. The material is prepared for them by Reed, mimeographed by a stenographic service and delivered to them by Graves. Reed also has furnished several thousand pamphlets for the congressmen to mail to their constituents.

* * *

Deep John L. Lewis

DEEP and devious are the ways of John L. Lewis. The other day a little noticed news item appeared in the papers. It said that Ray Edmundson, formerly of United Mine Workers' District 12, Illinois, had been given a job as director of the Kansas City office of District 50.

To the average reader this meant nothing. To coal miners it meant that John L. Lewis was taking back to his bosom his worst miner enemy.

And to inside politicians it meant even more—that John L. was brewing high-powered political medicine, probably had picked his Republican candidates for president and vice-president.

Ray Edmundson used to be John L. Lewis's right-hand man in Illinois. Later they broke, and Edmundson tried to run against Lewis for the UMW presidency. John L., however, permits no opposition to his rule, and Edmundson was kicked out of the convention hall.

They became bitter enemies. Former men in labor circles hated each other more. Lewis was even accused of trying to take an A. F. of L. salesman's union card away from Edmundson, when the latter, out of a mining job, started selling insurance.

However, Edmundson continued to have a political following among Illinois miners, and also carried weight in Illinois Republican circles. One of his friends has been astute Gov. Dwight Green, the Chicago Tribune's dark horse for the G. O. P. nomination.

* * *

Lewis's Candidate.

LAST YEAR Governor Green came near committing political suicide with Illinois miners and labor generally when 111 miners were killed at Centralia, Ill., after they had repeatedly protested that mine conditions were bad, and after a state mine inspector had reported that the mine should be closed. Instead it was kept open, and the mine owner sent a contribution to the Republican campaign fund.

At the time John L. Lewis cried "murder" at Secretary of the Interior Krug, significantly said nothing about Governor Green or the Republican Illinois leaders.

All of which may have bearing on the return of Ray Edmundson to an important job under John L. Lewis. For before Lewis would take his most hated enemy, Edmundson, back under his wing, you can be certain a political deal was in the background.

So here is a prediction: Lewis's candidate for the G. O. P. nomination will be Speaker Joe Martin, with whom he suddenly arranged for a settlement of the recent coal strike. Lewis's candidate for vice-president on the Martin ticket will be Governor Green of Illinois.

Assignment: America

Two Sides To This Story

By KENNETH L. DIXON

WASHINGTON — Recent congressional charges being flung at the head of retired General Dwight D. Eisenhower have caught this correspondent in a painful sort of mental crossfire.

For, prejudiced soul that I am, my categorical resentment toward certain types of generals I know is exceeded only by my categorical resentment toward certain types of congressmen.

It's tough trying to pick sides in such a squabble. The inclination is to cry "A plague on both your houses" and let it go at that—but who am I to let the reader down so easily.

In the incident in question, it does seem somewhat ridiculous that a man retired on some fifteen thousand tax-free simoleons per annum, plus various other little unlisted financial advantages, should also be given the services of a trio of tax-paid citizens in uniform.

Further, it becomes increasingly difficult to view the situation calmly when the general in question now holds a highly-paid civilian job and is about to earn himself something like a million additional bucks for recalling in print his part in the recent unpleasantness in which so many average citizens participated at what you might call a terrific financial loss, to say the least.

All of which is a pretty harsh way of summing up the situation.

However, as is customary in such cases, there are two sides to the story, and that is only one side.

Operating in General Ike's favor on the other wise is the fact that he unquestionably had nothing personally to do with the custom which accords such retired generals the personal aid of varied uniformed members of the services.

It's been going on for generations. How much it has cost the taxpayers is a matter for an accountant's best endeavors, and whether or not it's justified as the decent way to treat an old warhorse who has served his country well is a matter of individual opinion.

* * *

Could Be Stopped.

CERTAINLY it didn't start with Eisenhower. And equally as certainly, it won't end with him unless a specific law is passed and signed by the President during the current controversy.

Secondly, on the general's side of the case, is the inspiration behind these personal attacks on him in this instance.

It would be a pleasing thing to report that the congressmen who have complained have been motivated by the business of saving a few dollars for the taxpayers.

Unfortunately that can hardly be said to be the unvarnished truth.

A curious coincidence in his case is that the congressmen involved have been the same persons, who, both publicly and privately, have admitted their fear that one of the two Philadelphia nominating conventions this summer might go haywire and select Eisenhower as a candidate, despite his repeated protestations.

It is a fear, it might be added, which is shared by a great many powerful politicians several announced candidates and not-a-few individuals who have well-earned reputations for picking candidates.

Thus the conclusion can safely be drawn that this personal attack on Eisenhower for following what has long been the custom is not purely coincidental in this, an election year.

* * *

Mild in Comparison.

IN FACT, it generally is conceded to be an old axiom of the trade that the best time to defeat a presidential candidate is before he becomes a candidate. That principle might seem to be working overtime in the Eisenhower case.

In any event, the entire dispute has reminded various reportedly brass-hating buckos like your correspondent of innumerable incidents concerning the plush life of some generals during the recent unpleasantness.

I could curl your hair with stories about the general who wrote his wife about his "baths out of a helmet" when an entire platoon was required to set up his portable shower and carry water for it at every command post. Or the general who shipped polo ponies, by air, to his new base at a time when the infantry was needing every possible replacement who could be transported to the combat-line.

Probably I would go ahead and bore you with such stories of the deplorable conduct of some of our generals during the war—except for one thing.

As I recall it, the conduct of visiting congressmen during the same period was even worse.

As Cerf Tells It

In the days when David Belasco was the top-log among the Broadway producers, he unveiled one play that was long on elaborate settings and garish costumes, but short on plot and quotable dialogue. Critic Alan Dale summed it up in one sentence: "There's a good deal less to this play than meets the eye."

Farmer's Diary

The Worth of An Acre

By CALVIN A. BYERS

IT IS interesting to speculate on what can be produced from a single acre—43,560 square feet of soil.

In Scotland, with soil and season just right, an acre actually bore 1800 bushels of potatoes . . . in our own country slightly over 600 bushels per acre is the record, so far as I know. During Mussolini's Italian rule, his scientists aimed to make Italy self-sufficient in bread stuffs. They crossed strains of wheat and succeeded in producing 150 bushels per acre.

Last season's Farm Journal contest for 300 bushels of corn per acre aroused considerable interest. Quantity today determines profit for the farmer, yet emphasis on quality of grain and livestock is steadily coming to the forefront.

Farmers in some parts of Illinois will not buy corn from certain other counties, because they have found from experience that stock does not fatten so readily on corn grown there.

The grain is chaffy, and does not have the nutrients needed for finishing beef.

With quantity and quality both considered, the acre must be judged wisely to determine its potential value. The spectograph, devised to show what elements any crop contains, may soon be commonly used to grade soil according to its real worth. A young man from our neighboring village (Lucas, Ohio) has recently become joint owner of a patent on a portable soil-testing machine based on the principle of the spectograph.

Even fruits of the same kind frequently vary in food value and in flavor. For example, the Northern Spy apple contains more essential vitamins than most other varieties . . . and that same variety of apples varies in flavor when grown on different banks.

Garden truck varies in food value according to where it is grown and how long it is picked before eating. Freshness is a very real food factor for adequate nutrition.

Some food, e. g. onions, grow according to the light which they receive. I have lain against our southern slope where the heat reflects against the hill, and wondered not a bit at the sweetness of wild berries that grow there. Extra tons of sugar are added from the strength and power of direct and reflected sunlight.

Any plot of ground is a challenge to the gardener farmer. It furnishes a source of mental, moral and physical growth. It furnishes a laboratory for the study of natural, immutable laws. It furnishes, when a man has met the conditions that bring a high yield, a discipline and balance and poise of thinking. That day belongs to me when I have lived it with serenity and calm. The garden where I have worked becomes my own, not by lawful purchase merely, but by my rights as a cooperator with the Divine Maker of earth, wind and stars.

Five Youths Warned By Judge

Boys Accused In Theft of Pop, Sugar

Four youthful offenders appeared in juvenile court yesterday, three of them charged with petty thefts

The three were charged in the theft of 15 bottles of soda pop and two five-pound bags of sugar, valued at $1.65, and a half case of salmon, valued at $11.50, from the Northwest restaurant, 259 North Mulberry street. The soda pop was in an icebox

Two brothers aged 13 and 15 were warned to stay off the streets at night. Juvenile Judge Stuart H. Cramer warned their fathers to exercise more supervision over the youths. The older one had been in court before.

They were told that further violations would result in their going to the Boys Industrial school.

The third youth, 16, who was with the other two but did not participate in the thefts, was warned by the court. He had not been in juvenile court before. The three were apprehended by Mansfield police.

Another 13-year-old youth accused of three charges, three smaller children with an air rifle, was warned.

Places Open In Air Unit

Authorization has been received at the Mansfield Army and Air Force Recruiting station to enlist men from the area for initial assignment to the 1163rd Air Force Base unit located at the Municipal airport in Cleveland.

Authorization has also been received to enlist former servicemen in the area for recruiting service in and around Mansfield.

The Military Occupational Specialty number enlistments open for Cleveland assignments are MOS 348, parts clerk automotive; MOS 747, airplane and engine mechanic; MOS 383, fire fighter; MOS 242, Toolroom keeper; MOS 405, clerk typist and MOS 502, administration specialist if able to type 35 words per minute.

Youthful Driver Of Jeep Warned

Richard Au, 15, of 1009 Woodland avenue was warned yesterday in juvenile court to refrain from operating a jeep on the highways until he obtains a proper driver's license.

The youth was apprehended driving the jeep May 22 on Crescent road without a proper driver's permit, police said.

'Birds Along the Shore' Described for Audubons

MRS. VAN COOK was hostess to the Audubon Club Tuesday at her home, 107 Sherman avenue, with sixteen members and two guests, Mrs. Eva Christman of Greenville and Mrs. Howard Keene, present. This meeting was a handkerchief shower in honor of Mrs. Cook, who is leaving for Los Angeles soon.

Garden flowers from Mrs. Keene's garden were used throughout the house. The table was centered with snow balls in an old fashioned container with white candles on each side. Mrs. Carl Torrence and Mrs. Warren Lewis presided at the table for the dessert luncheon.

The paper of the afternoon, "Birds Along the Shore", was given by Mrs. R. E. Race. She told the habits of all the many shore birds from the tiny sand piper to the flamingo.

"The pelican eats eight to ten eight-inch fish a day," Mrs. Race told the club.

The flamingo use to be a beautiful pink shade but by being in captivity the color is fading out. The color is trying to be brought back by feeding the bird certain foods. The egret and ibis, almost extinct at one time, through the efforts of Audubons have been brought back in large numbers, she added.

Mrs Victor Hawk's description of "The Kinglet" was read by Miss Josephine Doolittle

The next meeting will be a picnic at Mrs H M. Spandau's farm home on German Church road on July 6.

* * *

AN executive meeting will precede the session of the Woman's Society of Christian Service at the Central Methodist church Thursday. The earlier session which is scheduled for 11:45 a. m. will be in charge of Mrs. E. Ray Jenkins. Luncheon will follow at 12:15 p. m. with members of Circle Six as hostesses. Routine business and program will occupy the afternoon.

Sorority Names Delegates to State Meeting

Delegates to attend the state convention of Alpha Pi Sigma sorority were elected when they met Tuesday evening in the clubrooms of the YMCA. They are Mrs. Robert K. Miller and Mrs. Marjorie Huffman with Mrs. Raymond Beal and Miss Grace Crotty as alternates. It will be held at the Neil House in Columbus July 16 and 17.

Plans were made to accept new pledges in the fall. Names of prospective members are to be submitted on or before July 20. The sorority is planning to entertain all the nearby chapters at the annual founder's day celebration in the fall.

The committee reports given were by Mrs Raymond Beal, attendance chairman, and Miss Miriam Bauer, chairman of the tax stamp contest. Mrs. Beal announced that Mrs. Ralph Norris heads the attendance list, missing no meetings since the first of the year. The tax stamp contest is closed with the prizes being awarded at the next meeting.

Mrs. Beal won the prize for being present at all meetings on time.

The meeting was then turned over to the hostesses, Miss Miriam Bauer, Miss Betty McGregor, and Miss Patricia Creamer. The evening was spent socially with a buffet style luncheon served.

The next meeting will be June 15 at the clubrooms.

CLEVELAND LADY LOSES 35 POUNDS WITH RENNEL

"I have lost 35 pounds with Rennel," writes Mrs. Hazel M. Coleman, 4209 Euclid Ave., Cleveland. "My husband has lost 20 pounds and we are still taking it. We no longer have trouble with what we eat. My doctor approves of my taking Rennel and we have recommended it to many of our friends. Rennel makes you feel like a new person."

Hundreds of others have gotten amazing relief from the social and physical discomforts of excess weight. Get a bottle of Rennel from your druggist, pour the contents into a pint bottle and add enough unsweetened grapefruit juice to fill the bottle and then take two tablespoonsful a day. That's all there is to it. If the very first bottle does not show you the simple way to lose bulky unsightly fat, if reducible pounds don't seem to disappear almost like magic, just return the empty bottle to the manufacturer and get your money back. You need never know a hungry moment while taking Rennel—no starvation diet—no printed diet list to buy—no vitamins to fortify you against weakness while going hungry, for you WON'T be hungry. Try this inexpensive method today. Available at all druggists. Don't be "switched" to another product, insist upon genuine Rennel.

Horoscope

By GENEVIEVE KEMBLE

For Thursday, June 3

A CONFLICTING and intriguing planetary set-up while indicating a decisive gain and much progress to be made by a clever strategy, may have unusual or unsuspected factors of dramatic force which could crop up to baffle or disintegrate. This might be the sudden withdrawal of support from high places, possibly caused by unsound, erratic or imprudent moves. Any impulsive steps, litigation, or wild emotional decisions, could cause heavy loss.

For the Birthday

Those whose birthday it is may step into a year of dramatic procedures and experiences, in their own determined effort to recoup past errors, blundering losses or other limitations and disintegrations Such may be tackled with sound ideas, keen purpose, sagacity and perseverance, seeming to gain firm foundation by exceptional strategies, bright coups or just hard work. Yet an abrupt rupture with those in influential places who may not see eye to eye especially as to originality, ingenuity or innovation, may in the long run prove devastating Preparation for just such dilemma could save the day and with dramatic and dynamic culmination Dig deep, go slow, and "stick to your guns" in crises.

A child born on this day has excellent staying power, with shrewd and profound insight into quizzical situations This will spell progress against odds, in the face of calamity.

Firearms to Be Shown At Ashland

Old Guns to Be On Display This Week

Between 400 to 500 gun collectors from all over the nation are expected to participate in a two-day exhibit of old guns and weapons at the Ashland county fairgrounds Saturday and Sunday.

Spokesmen for the Richland County Gun Collectors' association said about 50 Mansfield collectors would show firearms at the exhibition.

Residents of the surrounding area are invited to attend the exhibit which is expected to attract the largest group of gun collectors ever to gather in this section. Lunch will be served at the display and there will be no admission charge

Included in the two-day session of displaying and trading of guns of every description will be hand guns, rifles and shotguns built for commercial use by both foreign and American manufacturers.

The exhibit will include firearms used in every war in which the United States has participated and a number of weapons made in foreign countries.

The Richland County Collectors' club was organized in March, 1946, to promote friendship, interest and safety in the handling of firearms. It has a trained staff of experts on gun collection, restoration and gunsmithing. Members are available for consultation on any gun problems. Cy Hassinger, Mansfield, is president.

Willardite Comes Home From Training Cruise

WILLARD—Dave Field, veteran of both World Wars and a member of the Naval Reserve, has returned home from a two-weeks' training cruise aboard the USS Coral Sea. It is the largest and newest of Uncle Sam's aircraft carriers and the pride of the fleet.

Field was one of the 3,500 Naval Reserve men on the ship, which sailed from Norfolk, Va., to the Bermuda Islands, from there to New York City and then back to Norfolk.

1,100 See Art Show

More than 1,100 persons attended the 10-day exhibit of the Mansfield Fine Arts Guild at the public library, according to a final report announced today by Mrs. Roger Bolin, in charge of publicity for the annual show.

While the overall attendance this year was not as large as at last year's show, Mrs. Bolin said, plans had not been made for the attendance of school children as members had arranged last year. The adult attendance was larger, however, than in previous years, she said.

Tom Zaugg, chairman for the third annual exhibit, in his final report on the show, said that more professional artists exhibited this year than last but the predominant number of exhibits were by non-professionals.

One of the art pieces which attracted a great deal of attention this year was George M. Biddle's study of "Oak Hill," made famous in Louis Bromfield's novel, "The Green Bay Tree," Zaugg said.

51 Simpson Pupils On Honor Roll

125 Others Given Honorable Mention

Fifty-one pupils in John Simpson Junior high school won places on the year-end honor roll, Principal H. J. Dotson disclosed today. One hundred and twenty-five others received honorable mention for high scholastic work.

The seventh grade led in both divisions with 26 on the honor roll and 51 winning honorable mention. Seventeen eighth graders won honor roll places and 39 honorable mention while eight ninth graders placed on the honor roll and 35 won honorable mention.

VIEWS DIFFER—The son of orchestra leader Meyer Davis, actor Garry Davis (above), 26, has renounced his American citizenship to become a citizen of the world. A wartime bomber, Davis stated in Paris that he is going to Germany to work on rebuilding that nation. Meanwhile, his sister, Virginia is slated to open the Republican convention in Philadelphia with the singing of "The Star Spangled Banner."—International Photo.)

Uranium Fission Studied as Cause of Volcanic Eruption

HONOLULU —(AP)— Dr. Harvey White, University of California physicist, is trying to find out whether uranium fission causes volcanic eruptions.

If the cracking of uranium atoms is the source of this cataclysmic energy, then the Hawaiian Islands were pushed up from the ocean floor by the same reaction—only slower—as that which devastated Nagasaki and Hiroshima.

Scientists know that volcanoes erupt when red hot rivers of molten rock and mineral work upward through cracks in the earth's crust and break out at any weak point.

They do not know what source of energy forms these underground pools of molten matter. There are two theories.

One holds that the earth's interior is extremely hot but remains solid under pressure. When cracks develop in the earth's crust, the pressure is relieved and the superheated mass turns to liquid.

The other holds that heat is released through some process, turning solid to liquid. This might be done by oxidation or other chemical activity, or by radioactivity or some other form of atomic disintegration.

Lava, the volcanic outpouring, contains measurable amount of uranium, a natural source of atomic energy.

This led Dr. White to visit Hawaii, where he has collected lava samples from Maunda Loa crater.

White will put Maunda Loa's lava through spectographic tests to test the theory that atomic fission primes the volcanic pump.

Truman Ready to Stump Nation In 'Lone Warrior' Role

Thousands Will Hear President

Train Tour Route Crosses U. S.

By LESLIE P. EICHEL
Central Press Correspondent

WASHINGTON — Much of the United States will become acquainted with a small, solidly built, gray-haired, determined 64-year-old man this June. He is President Harry S. Truman.

Starting Thursday on a back-platform train tour that will take him to the Northwest and down the Pacific coast and back east, the President will speak extemporaneously in his Missouri twang to thousands of persons face to face.

He will come as a lone warrior, for the Democratic party organization has disintegrated behind him.

Southern leaders have been estranged by the civil rights program, big city groups have fallen away over switches in the Palestine policy, labor leaders have not been pleased with the use of injunction.

New Dealers of the left have gone over to Henry Wallace and possibly some of the northern Negro vote has gone with them.

The Democratic party treasury is in poor state. The President's trip cannot be backed with any costly publicity. Senator J. Howard McGrath of Rhode Island, national chairman, is doing yeoman work on a shoestring.

There are no vote-getting politicians on a national scale in the President's cabinet or among his White House advisers.

Most recent appointees to top government agencies have been Republicans or career men. (The President repeatedly makes known he is seeking the "best" men, regardless of politics. He includes Charles Sawyer of Ohio a Democrat, recently named secretary of commerce, as among the competent.)

A pall has settled over the handsome new quarters of the national Democratic committee in a glistening new Washington office building. Yet people will see a President bubbling over with enthusiasm, confidence, good will.

He will explain the complexities of international dealings, the intricacies of diplomatic maneuverings—and his tone will be one of patient disgust. Mr. Truman will convey the feeling that he is an average midwesterner. He will not try to impress with his knowledge. Nor will he apologize for not being more than he is.

PUZZLE TO FRIENDS

In Washington the President is a puzzle at times even to his former cronies in the Senate, where he served for 10 years. He acts without consulting them, even the party leaders on his own side.

The President sends messages to Congress that he should know arouses antagonisms among lawmakers whose support he must have for legislative victory. He disposes of popular office holders (usually New Deal leftovers) summarily, giving no reasons. He holds his own counsel stubbornly.

When not speaking over the radio from a prepared text, the President has a relaxed approach, a surprising candor, a homely almost ungrammatical phrasing, a humaness that strikes home.

Mr. Truman's political ethics say that he is inept in international affairs, that his sudden decisions create bewilderment, that he is unable to cope with the tremendous responsibilities imposed upon the United States by the evolution in the world situation, that his very directness may contribute to misunderstanding and confusion during an era of tenseness and strain, that he fails to comprehend fully the powers, the possibilities and the dangers of his high office.

However, as the people hear this amiable man tell his story they will feel he is one of them and may wonder whether he is not more right than some of his critics.

This will be a critical trip for Harry S. Truman. He either will prove himself — or not. He will have one distraction which other campaigners will not: He will have to make momentous decisions every day he is away from Washington—and any one of those decisions could wreck him.

2 Couples Ask License To Wed In Crawford

BUCYRUS—Two couples secured marriage licenses in probate court Tuesday.

Licenses were issued to Burnell Edwin Shumaker, 22, Route 1, Galion, farmer, son of Robert and Clara Shumaker, and May Winnifred Baker, 21, Route 2, Galion, file clerk, daughter of Charles and Edna Baker, and to Charles Samuel Kochensparger, 33, Mansfield, office clerk, and Loretta Mae Minich, 38, office clerk.

Students Seek 1,000 Jobs

More than 1,000 Ohio college students have registered for employment with the Ohio State Employment service throughout the state, Frank J. Collopy, administrator of the Bureau of Unemployment Compensation, announced today.

"Ohio employers will be able to select their personnel from among more than 40 different types of college trained specialists in this group, during the next few weeks," Collopy said.

The employment service, a bureau division, inaugurated a new college placement program a few months ago. It resulted in the registration of more than 1,000 Ohio students seeking employment.

"Of the total number of students applying, most of them June graduates, well over 200 have indicated a willingness to work anywhere in the state," he said.

The program is being carried through in cooperation with the various college placement agencies.

Earlier Death of FDR Would Have Made Wallace President

WASHINGTON—While we are waiting for Henry Wallace to say whether he did or did not write those goofy guru letters to Professor Nicholas Roerich, the Russian god-man, let us inform ourselves further on fascinating historical facts.

I am going to develop the record and hang this rosette on the immortal reputation of Franklin D. Roosevelt, who, with full knowledge of the awful facts, selected old Bubblehead to be vice-president.

By the time that Wallace's term as vice-president ended, the office of the President, to which he would have acceded in a few minutes, had Roosevelt suddenly kicked off, had been invested with "aggregate war powers."

It was a potential dictatorship as bad as Stalin's. Eleanor the Great and Harry the Rasputin were calling for conscription of women as well as men for forced labor, and Hopkins, a sexy Joe, as his divorce case showed, was threatening the great American home with the indiscriminate billeting of war workers regardless of social, racial, moral or other inconveniences. War workers, as all honest Americans know, included some of the vilest riffraff on earth, women as well as men.

On June 27, 1935, when the guru and his son, Georges, were in China, on salary and expense account, ostensibly collecting grass seed, the department of agriculture issued a long press release by order of Henry Wallace, secretary.

"From the most desolate parts of Asia," it said, "may come plants which will keep the American landscape firmly in place when the next drought comes along."

When I drove across northern Texas recently, the air was murky and the red soil was racing across the road like snow in a blizzard for a stretch of 100 miles. The New Deal, 15 years ago, attributed the original dust bowl to some evil of the Republicans and we sent Henry Wallace's guru to Asia to get seed to tie down this land.

This was a long press release. A clever and informed reader could have discerned that two regular American scientists, Westover and Enlow, who had been sent to Turkestan, had done their job, brought back the seed and washed up. MacMillan and Stevens two others, had been subjected to indignity by Bubblehead Wallace as subordinates of old Roerich, who was not an American citizen.

After putting up with the guru's arrogance as long as they could, they had collected seed according to their duty and come home.

There was no ballyhoo for any of these Americans.

★

The spirit of the long-winded press handout which Wallace issued from the department of agriculture was sly. There was no excuse for boasting, but the handout conveyed an idea that great things are expected. Maybe a new kind of grass.

The department of agriculture sent this document up to Roerich's lamasery on Riverside drive for approval. Roerich was sending his personal communications to Bublehead and some of his official letters to the department via the joss-house. Henry and the department were going "through channels," too. Some of the department's stuff addressed to Roerich, and vice versa, went straight. But, mostly, the mysterious joss-house was a private post office and clearing house.

Comic's Troubles Not So Funny; 'Cure' Good for Royalty, Too

MAN ABOUT TOWN—Champ comic Joe E. Lewis and his bride (Martha Stewart) have pulled their unfunniest joke. She left her Pagliacci in Cleveland to see a coast counsel. . . . One of the noted members of Italian royalty has just been admitted to Bellevue (for the 2nd time) to "take the cure." . . . The story about maestro M. Davis' boy Gary (renouncing his U. S. citizenship to be a "citizen of the world") is sadder than you know. Been under observation of medicos for more than a year, etc. . . . P. M. will have a complete new format in a matter of editions. . . . Time's new drama critic will be Donald Marshman, moving over from Life. . . . Henry Morgan won't contest his bride's divorce or her charges in the papers. He claims 85% of the readers don't know him—and those who do—don't like him, anyway.

Reporters at the pier asked the new British Ambassador if the Palestine war had strained Anglo-American relations.

"I imagine," he replied, "it is quite possible that there may be some difference of opinion, but I do not know."

Well, now you do.

Mrs. Bob Maurice (formerly Jan Duffy, dramatic actress) was in the park with her youngster. A woman remarked she couldn't find decent baby-sitters. . . . Jan suggested some actress pals (who needed rent and food coin), and that started her new business, "The Baby Sitters Stork." . . . Her list of sitters includes veterans of the stage and screen (who are broke), former vaudeville actors, debs, chorines, models and college grads. All have health certificates, and are okayed by Equity. . . . The fee is 85c per hour (to the sitter) with both sitter and family paying Mrs. Maurice a dime fee.

Council OK's Light At Bartley

Signal Expected to Cut Speeding On Marion

City council last night authorized the installation of a traffic light at the intersection of Marion and Bartley avenues.

Michael A. Mihalick, chairman of the traffic committee, has explained that the measure is designed to cut down speeding on Marion avenue and to provide a protected crossing for the pupils at the Brinkerhoff school.

Five hundred dollars was appropriated for erection of the light.

Other street and sewer measures passed by council included:

A measure declaring it necessary to improve South Diamond street, between Hedges street and Woodville road, by resurfacing. The estimated city share is $7,500 and assessed property share, $6,000.

A measure determining to proceed with the improvement of Cherry street by constructing a sanitary sewer from Grace street north to a point in front of lot 11,722 and the borrowing of $1,400 in anticipation of assessments for that job.

A measure authorizing the extension of the 36-inch sanitary sewer now running from Wayne street to the Ashland road, 280 feet closer to the sewage disposal plant, and the appropriation of $6,600 for the work.

Death Takes L. A. Ogborn

Laurence Allen Ogborn, 68, an underwriter for the Lumbermens Mutual Insurance company, where he was employed for more than 25 years, died today in Mansfield General hospital, following an illness of two weeks.

Mr. Ogborn lived at 190 Vennum avenue. He was active in the Central Methodist church, Masonic organizations, the Optimist club and the Lumbermens Gun club.

Born in Dublin, Ind., Jan. 25, 1880, Mr. Ogborn came to Mansfield in 1919. He was employed for several years at the old Roderick-Lean company before going to Lumbermens.

Survivors include his wife, Beulah; a daughter, Mrs. Wilbur C. Uyson, two grandchildren; three brothers, Carroll of Orlando, Fla., Albert of Indianapolis, and Wilbur of New Lisbon, Ind.; two sisters, Mrs. Kate Pritchard and Mrs. Salene Boyer, both of Cambridge, Ind.

Funeral services will be held Friday at 1:30 p. m in the Finefrock funeral home, with Rev. Frank L. Stewart officiating. Burial will be in Memorial Park.

Active pallbearers will include C. E. Nail, Scott Coffin, Harry Henness, Eal Frankeberger and Danner Dalton.

Appeal Rejected

COLUMBUS —(AP)— The Ohio Supreme court today rejected an appeal of Clifford Gayles from a first degree murder conviction in Butler county. The court set the electrocution date for July 2. Gayles was convicted of slaying Edna Adkins in August, 1947.

Senior High Cafeteria Closes

Big Cooking Job Comes to End

By NITA BRANSON

Today's luncheon for faculty members was the last of the 1947-48 season at the Senior high school cafeteria.

Today, the corps of nine cooks cleaned up the dishes, put away the last utensil, wiped clean the big tables, hung their aprons on the hooks and left for their annual summer vacation.

Most of them asked yesterday "What vacations?"

Almost to a woman, they'll go home to keep on cooking for their families through the summer months. Next fall, they'll take up the task again of providing nourishing meals for Senior High's hundreds of students and faculty members.

During this past year, they've prepared and cooked 180 luncheons and had five special parties.

"The biggest of those parties was, of course, last Friday night, when the seniors held their annual class festival," Mrs. Edith Osbun, head cook, said yesterday.

NINE BIG CAKES

That senior party involved some interesting figures.

"We cooked 150 pounds of ham, 35 pounds of frozen corn, 120 packages of frozen French fries, and made nine big sheet cakes," Mrs. Osbun explained.

Those cakes were made Friday afternoon, the day of the party, iced and served warm. In addition to the aforementioned items, there were 50 dozen rolls, 33 dishes of relishes, and 60 bricks of ice cream.

Last Friday night they served 378 persons in almost a matter of minutes.

The menu served was voted on by senior students. Mrs. Frances Hypes, supervisor of Mansfield's cafeteria system, had submitted several menus to seniors and they chose the one with baked ham. All planning had been done by Mrs. Hypes before illness forced her to leave Mansfield.

SLIGHT CHANGE

But so well had her plans been made and so efficiently did her secretaries, Miss Betty Gardner and Miss Evangeline Stone, carry out the plans that there was not the slightest hitch in the entire proceeding.

"We did have to change our plans about baking the rolls ourselves," Mrs. Osbun said. "When Mrs. Hypes was unable to be with us last week, we decided to buy rolls for the party.

"We couldn't get along without Betty and Evangeline, Mrs. Osbun declared. "They do all the buying and ordering and paying of the bills."

Both are home economics graduates, Miss Gardner from Ohio State university and Miss Stone from Otterbein college. Although school closed officially today, two will keep on working most of the summer, compiling reports, not only for Senior High but for all the other cafeterias in the city, paying bills and ordering canned goods for next fall's term.

The favorite menus with high school students?

Mrs. Osbun speaks, of course, only for Senior High.

"And those," she said, "are lamb patties with mashed potatoes and gravy; sauerkraut or waldorf salad; peanut butter sandwiches and chocolate cake."

In addition to Mrs. Osbun as head cook, the lunchroom staff includes Mrs. Sybil Dent and Mrs. Joan Ross, assistants; Mrs. Ula Karl and Mrs. Marie Short, in charge of sandwiches; Mrs. Rose Keck and Mrs. Frances Wolf, in charge of salads; Mrs. Hazel Stough and Mrs. Emma Schroeder, potatoes.

These nine members of the permanent staff arrive at the cafeteria daily at 7:30 a. m. Besides these, there are two men who act as janitors and 10 part-time assistants.

Sara Bauer Dies At 83

Miss Sara R. Bauer, 83, died last night at her home, 46 Helen avenue, following a long illness. She was born in Shelby April 4, 1865, but long had been a resident of Mansfield.

She is survived by one sister, Miss Katherine Bauer. Three other sisters—Misses Mary, Martha and Julia—died within the last two years.

Friends may call at the Jones Memorial where services will be held Thursday at 2 p. m. Rev. Matthew G. Madden will officiate. Burial will be in the Mansfield cemetery.

Medals Ready For Veterans

Four World War II medals are now available in limited quantity for U. S. Navy veterans at the Mansfield Navy Recruiting office.

The four medals are the American Theater, the Asiatic-Pacific, the European-African, and the Mid-Eastern campaign.

They are available for former members of the U. S. Navy who are qualified through service in the respective areas by contacting the Mansfield Navy Recruiting personnel. Applicants for the medals must have served in these areas during the period from Dec. 7 1941, until September, 1945.

Plan to Build City Sewer Staff Tabled

Council last night tabled two measures requested by Sanitary Engineer B. V. BeVier for what he termed "the improvement of the sanitary sewer department."

BeVier had requested authorization to hire a superintendent of sanitary sewage and a mason to help in manhole construction.

The superintendent's post, to pay $2,500 a year, needed a $1,400 appropriation for the remainder of the year.

After the measure was read Councilman Charles N. Shultz wanted to know where the money was coming from.

City Auditor Paul Kelley said it would be a "tight squeeze if the funds were appropriated from the sanitay sewer fund." The estimated revenue in that department for 1948 is $91,816, and $91,255 already has been allocated.

DENIES SPONSORSHIP

Councilman George C. Kyle, who disclaimed sponsorship of the measure even though his name appeared at the heading, suggested the needed funds be obtained from the general fund.

"Do you want the city do go bankrupt?" Shultz asked.

The measure was tabled until a later meeting of council as was a measure asking for the hiring on the additional mason at $1.10 per hour.

BeVier said today that the vast sanitary sewer system and the sewage disposal plant are run without an administrative head whose sole duties are connected with the system.

The department is run by the street department which also must care for the streets and storm sewers.

"There are two masons in the street department but they are always busy," BeVier said. "We need a man to help repair and construct manholes."

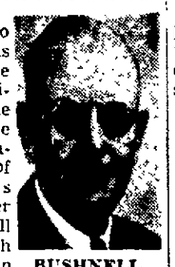
HAPPY BIRTHDAY—

Fred M. Bushnell hac a double reason for celebration today as friends offered their congratulations.



BUSHNELL

Fifty years ago today, on his 21st birthday, he signed an application to become a Mason. The Mansfield Masonic lodge of which he has been a member for 50 years, will present him with a 50-year pin award at a special session in the not too distant future.

"I will celebrate both my 50th and 71st anniversaries by working as usual," he said.

Bushnell was Mansfield postmaster from 1915 to 1923.

A native Mansfielder, he attended the city schools and spends his leisure moments playing bridge, a favorite hobby for many years. Friends say he plays a good game but he doesn't agree.

The News-Journal also extends congratulations to John Charles former county treasurer, and cashier and trust officer of the Citizens National Bank and Trust company, and William F. Fisher, of the Ritter company, who are celebrating their birthday anniversaries today.

WIDOW SOUGHT—

Red Cross officials here are asking for help in locating Mrs. Margaret Hogg, widow of Pvt. Fess Hogg, whose last-known residence was on McPherson street. The request came from national headquarters, according to Miss Esther Barnett, director of Home Service for the Red Cross. Miss Barnett is asking that any information on Mrs. Hogg be telephoned to the chapter house, 1494-6.

★

STAMPS FOR GLASSES—

Three big cartons of cancelled sales tax stamps were brought to Red Cross headquarters yesterday afternoon to swell the "glasses" fund of the Junior Red Cross. Most of the stamps came from John Simpson union high, where a special week of stamp collecting was held. During the past year, between 50 and 60 pairs of glasses were bought by Junior Red Cross members for children who would be unable to get them otherwise.

County, Township Meet On Road Job

Worthington township trustees met with the county commissioners today on improvement of the Teeter road in that township.

Work on the road is expected to begin soon, with the township furnishing the right-of-way and applying the gravel. The county will grade the two-mile road.

Council Selects Pay Agent

Loan Finances Clear Fork Work

The city has passed the last financial hurdle in its effort to complete the Clear Fork waterworks project.

City council last night passed legislation approving the issuance of $1,200,000 worth of bonds to complete the big water supply program.

At the same time, council named the Citizens National Bank and Trust company as paying agent and trustee for the $1,200,000 in second mortgage bonds. The bank offered to act as paying agent for $280 and as trustee for $1,330.

Funds obtained from the bonds sold to Braun, Bosworth and company, Toledo, will enable the city to build a low-lift pumping station, a raw water pipe line and a filtration plant.

BUILD STATION

The low-lift pumping station will be built at the site of the dam and the raw (untreated) water pipe line will carry the water from the dam to the filtration plant which will be built adjacent to the high-lift pumping station being constructed at the intersection of the Gass road and Lexington-Alta road.

Meanwhile workmen are laying the 24-inch pipeline from the high-lift pumping station along Cook road to the Woodland reservoir.

When this three-mile-long pipe is completed and the pumping station is built and outfitted, water from the Maxwell field wells, now being pumped into the city through a 12 and 14-inch line and the Maxwell pumping station, will come through the new line.

Carl Walker, of the Jennings-Lawrence engineering firm, has estimated that the city's water supply will be increased by at least 1,000,000 gallons a day when those units are completed.

2 Actions Settled

Two suits set for this week in common pleas court have been settled while a third suit has been continued.

Settled was an action by James Truly, 144 Oak street, against the Industrial Commission of Ohio, asking that he be allowed compensation for disability under the Workmen's Compensation law.

Settled out of court also was a suit filed on behalf of Norma Buzzard, a minor, by her father, against Richard and Elizabeth Holloway, 570 West Third street, and Donald F. Minnie, 338½ Park Avenue west, as a result of a truck-car accident.

She charged the defendants were negligent in parking a truck on Park avenue west at night. The car in which she was a passenger collided with the unlighted truck, resulting in personal injuries, she contended.

Continued was the case of the Erie Railroad company against Kent Rummel of the Rummel Coal company, seeking freight car demurrage charges.

The railroad seeks $811.80, from April 30, 1945, contending Rummel failed to unload 166 cars properly and promptly.

Denies Charge In Petition

Robert Wade Jr., of Rummel avenue, yesterday denied all allegations in a $9,092 suit against him and John Harris of John Long avenue.

Wade in a separate answer also asks that the petition of Freddie Howard, 763 Bowman street, be dismissed. Howard, in his suit charged Wade and Harris beat him.

Wade's attorney is George W. Biddle.

Harris, in a counter suit last Wednesday, asked $10,000 from Howard, for Howard's alleged attentions to Harris's wife.

Receipts Total $31,629 First Day

Real estate tax collections totaled $31,629 as collection of the second-half taxes opened yesterday, County Treasurer Charles C. Payne announced.

A total of $1,012,536 is due. Deadline for payment without penalty is July 20.

TB Sanatorium Expected To Be Completed In Year

Start of construction of the Richland county tuberculosis sanatorium awaits final approval by the State department of Health and the branch office of the Surgeon Health in Chicago.

Those departments must give approval to the contracts for the equipment and furnishings, which will be paid in part by the federal government.

Architect Herbert S. Jones said he was going to Columbus tomorrow to confer with officials on getting approval.

The government has authorized a maximum grant of $104,566 for furnishing the structure. That's one-third the sum required to put in the plumbing and heating, electrical work, elevators and furniture and equipment.

The project will get underway just as soon as the government gives the final approval of the specifications, Jones said.

He said the hospital will be ready for use in a year, barring material shortages.

The structure will go up on a gift site southeast of Mansfield on State Route 39.

Jones reported that Louis Zahn, general contractor for the project, has been lining up materials for the project and is set to start building operations at once.
